

## Pre-Training Quiz

After reviewing the pre-training materials outlined in the email to which this quiz is attached, please briefly answer the questions below. The objective of this quiz is for you to gauge your grasp of the basic concepts presented in the pre-training materials, and maximize the on-site learning experience for all the attendees. Please review any of the materials necessary to ensure your understanding of the content introduced, and bring your answers to the training to confirm your understanding.

### CNA e-tool Web Portal

- Where can you find Instructions for use of the CNA e-Tool?
