CoCs and Con Plan Jurisdictions: Collaborating to Reduce Homelessness

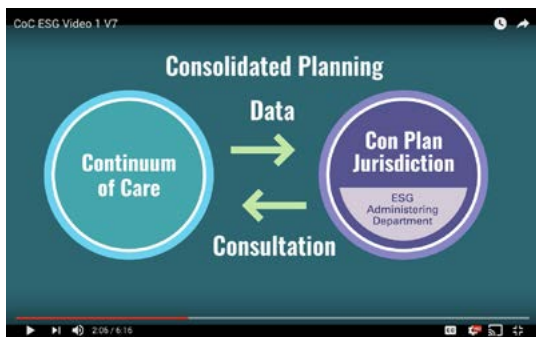

In April 2016, SNAPS released two related tools: a guidebook and a video on Coordination and Collaboration for CoCs and Con Plan Jurisdictions. You can find them on the **HUD Exchange**.

The HUD SNAPS Office is pleased to announce the release of a new video: **CoCs and Con Plan Jurisdictions: Collaborating to Reduce Homelessness**. This video focuses on the purpose and benefits of collaboration between Continuums of Care and Con Plan Jurisdictions. Participants will learn:

- Collaboration-related responsibilities of CoCs and Con Plan Jurisdictions,
- The significance of coordinated entry, written standards, performance measurement and strategic resource allocation in facilitating collaboration
- How collaboration contributes to success in reducing the length and incidence of homelessness.

This video is intended for CoC leadership as well as Con Plan Jurisdiction staff involved in developing the Consolidated Plan or administering Emergency Solutions Grant funds.

To view this new video, please visit the HUD Exchange.
