June 19, 2020 2:46 PM from Mitchel Blum-Alexander to all participants: Can you talk about the methodology for the allocation of the second round of ESG-CV? You might have done this last week but I couldn't attend and the recording has not been posted on the HUD Exchange. Would like to understand why the impact of COVID was not part of the methodology, and how it was determined that the factors used were better than the typical allocation formula. Michigan, one of the hardest hit states, was well under-represented in funding as part of the second round.

June 19, 2020 2:46 PM from Barbara DiPietro to all panelists: @Natalie--that link is hilarious

June 19, 2020 2:55 PM from Norm Suchar to all participants: @Suzie, @Lisa, @Kristi, it has indeed taken much longer than we had hoped to get these grants out. I'm sorry about that. We just released a large batch of grants, and your Field Office should be reaching out to you next week regarding those. They include consolidations and most of the expansion grants.

June 19, 2020 2:55 PM from Amanda Sternberg to all participants: If we have had staff at a shelter test positive, should we have them reach out to the CDC email given or ask them to complete the Universal Testing Event Data Collection survey? Or both?

June 19, 2020 2:58 PM from Aaron Weaver to all participants: @Maria Davis, generally speaking, HUD funds can cover the costs of staff training, though there are additional details depending on the source (e.g. CDBG, CoC, etc). For CoC funds, 24 CFR 578.59(a)(2) permits the use of project administrative costs for training on Continuum of Care (CoC) requirements. There are also a number of resources available online (e.g. here http://www.funderstogether.org/equity_resources)

June 19, 2020 2:59 PM from andrew to all participants: @Josh Levin - agreed... would like clarification of this being a very specific "activity". That said pretty sure it must be drawn from Admin funds of the grantee.

June 19, 2020 3:02 PM from Brett Esders to all participants: @Denise - ESG-CV funds can be used for any costs the recipient used to prevent, prepare for, and respond to C19. So the date you can start reimbursing is really dependent on when your community started those activities. The earliest date we know of right now that a community started is January 21.

June 19, 2020 3:02 PM from Suzie Tolmie to all participants: Thanks so much for the fact sheets, and trying to keep them brief. Not sure what the format is, but if they are like the recent ones I have seen (black banner at top, with COVID-19 in a circle on the left), it is unclear of the source of the doc, until you scroll to the end. Nor are the docs dated- adding this would help.

June 19, 2020 3:02 PM from Angela Hogan to all participants: Can ESG-CV funds for HP be paid directly to the clerk of the court account rather than the property owner to divert evictions that have already been filed with the court?

June 19, 2020 3:06 PM from Tiffany Leung to all participants: For ESG-CV, what kind of documentation is required by subrecipients? For instance, what evidence is needed to "prove" that connection to COVID-19 because ESG-CV is specifically to prevent, prepare for, and respond to COVID-19?

June 19, 2020 3:07 PM from Kristi Schott to all participants: Is there any estimate on NOFA or YHDP timing?

June 19, 2020 3:08 PM from William Snow to all participants: @ Rikki RE: eviction moratorium - the federal eviction moratorium for nonpayment of rent was part of the CARES Act and is still going to end on July 24th. Local and state moratoriums may have a different timeline and different standards regarding what properties are covered by their respective moratoriums.

June 19, 2020 3:24 PM from William Snow to all participants: @ J Owen RE: eviction moratorium - the eviction moratorium has lots of properties that are covered. As Aaron posted, the moratorium on evictions and foreclosures tied to FHA single family homes is extended. But the moratorium as it relates to the CoC and ESG Programs has not been extended UNLESS the property is a single family home and the landlord used an FHA loan to acquire it.

June 19, 2020 3:34 PM from Christiana Tugman to all participants: Can the state, as a recipient of CARES ACT funds, implement the spending cap for ESG-CV funds to sub-recipients? Per the CARES Act, HUD has stated that ESG-CV funds are not subject to the spending cap on emergency shelter and outreach under 24 CFR 576.100(b)(1).

June 19, 2020 3:34 PM from Angela Hogan to all participants: Are you saying you can not bill a housing search/location under RRH Case Management & Housing Stability?

June 19, 2020 3:35 PM from Brett Esders to all participants: @Angela - we are saying that you can bill it under housing/search location for RRH (to the extent you're using it for RRH and if you're using it for more than RRH then pro-rated). It would be a cost directly related to carrying out those housing search activities.

June 19, 2020 3:35 PM from Valorie Carson to all participants: Has the brief on how to do planning with CDBG and ESG recipients to do homelessness prevention been released yet?

June 19, 2020 3:36 PM from Angela Hogan to all participants: @Brett - Thank You -

June 19, 2020 3:36 PM from Aaron Weaver to all participants: @Cassie Sipos, I understand your concern. SNAPS has worked hard to provide guidance in these calls and through the eligible activities guides on HUDEXchange to help grantees assist clients as soon as possible in lieu of the Notice. I'd say as long as you're undertaking activities that are eligible under regular ESG you'd be good to move forward with them under ESG-CV. I'm sorry we don't have anything more concrete at this time.

June 19, 2020 3:36 PM from Denise Albertson to all participants: We've been asked if a Housing Navigator and a Housing Retention Specialist would be eligible staff costs under ESG-CV. Generally it seems staff providing these services would be eligible under case management, housing search & placement, mediation respectively to cover their staff time.

June 19, 2020 3:37 PM from Greer Hannan to all participants: In my community, our Metro Government is the ESG/CDBG recipient and subgrants the funding to local nonprofits. It's typical for them to take 6 months to respond to subrecipients' reimbursement requests, which creates a cash flow crisis for subrecipients. This is likely to get worse with the addition of ESG-CV funds. Do we have any recourse to get reimbursed in a timely way?

June 19, 2020 3:38 PM from Rikki Gardner to all participants: Can we have a discussion about adopting the waiver that currently allows arrear payments for CoC program participants?

June 19, 2020 3:39 PM from John Shereikis to all participants: Related to @Greer Hannan.....clear, written guidance for grantees on how to provide funding advances to sub-recipients would be very helpful.

June 19, 2020 3:40 PM from Suzie Tolmie to all participants: Although prevention is ESG eligible, much related guidance (NAEH, etc.) is urging a focus on literal homeless folks, RRH and steering grantees away from prevention. I agree, but would appreciate details if you can cover them.
