September 23, 2022 2:34 PM from Jess Bleile to everyone: In the special NOFO, it notes rural set aside projects can apply for construction/rehab/acquisition, in esnaps guidance it states that only PSH projects can apply for these funds. Can you clarify if other projects (RRH, Joint TH-RRH) can apply for construction/rehab/acquisition in the special funding for rural set aside? I have sent in an email to SNOFO email, but wanted to ask here as well.

September 23, 2022 2:41 PM from Fredrick Love to everyone: Good afternoon
Fredrick Love PHA AR 252 in Pulaski County, AR.

The FMR's are not keeping up with the rates landlords are charging now. This has caused anticipated shortfalls in projected revenues for current grant year. Is CPD planning to adopt current FMR's and adjust/amend current grant agreements so agencies can meet there current obligations?

September 23, 2022 2:53 PM from CJ OHara to everyone: What is being done to prepare for migrants that are being bussed across the country by Arizona, Florida, and Texas? Are local and federal health officials looking at this situation? There could be a considerable portion of those folks who are experiencing health concerns. Also vaccination access in other countries is all over the map. I want to emphasize prevention factors need to be looked at early rather than reacting to crises.
