# QPR Overview

- Purpose
  - Report progress for quarter and cumulative basis by:
    - Identifying accomplishments once a national objective has been met
    - Pulling financial data as entered in the Drawdown Module
    - Detail, in narrative format, progress of the grant as a whole and per activity
- HUD FO role
  - Approval or rejection of the QPR in a timely manner
  - Provide and share comments with grantees (if desired)

**CDBG-Emergency Assistance Program**

The Community Development Block Grant Emergency Assistance Program (CDBG-EAP) is a special program activated to assist local units of government that have recently experienced a natural or manmade disaster. In response to the widespread severe storms, tornadoes, and flooding in 2008, the State received federal CDBG Disaster Recovery.

**ELIGIBILITY (CDBG-DR SUPPLEMENTAL FUNDING)**

- Cities, towns, counties and villages within the 31 counties included in the federal disaster
- Residents of the municipality awarded CDBG-EAP funds may receive assistance if their dwelling was damaged by the disaster.
- Municipality will be required to give preference to those households with incomes at or below the county median.
- Public Infrastructure affected by natural disaster.
- Businesses which suffered damage to their structure or equipment and loss of revenue as a result of the disaster.

**ELIGIBLE ACTIVITIES (CDBG-DR SUPPLEMENTAL FUNDING)**

CDBG-EAP funds may be used to address damage caused by the disaster, including:

- Repair of disaster related damage to the dwelling unit, including repair or replacement of plumbing, heating, and electrical systems.
- Acquisition and demolition of dwellings unable to be repaired.
- Downpayment and closing cost assistance for the purchase of replacement dwellings.
- Assistance is limited to 50% of the pre-market equalized assessed value
- Publicly owned utility system repairs Streets Sidewalks
- Community Centers

# QPR-Action Plan Relationship

- QPRs cannot be submitted if changes have been made to the Action Plan such as:
  - Projects added
  - Activities added
  - Budgets changed
- Submit changes to Action Plan in advance of QPR due dates to allow time for review and approval
- QPR cannot be submitted if Action Plan is not “Reviewed and Approved”
- As of Release 7.11.1, the Action Plan data that is generated in the QPR is based on the last “Reviewed and Approved” Action Plan.

## Overall Progress Narrative:

The B-08-DF-19-0001 (Midwest Floods) grant is over 90% committed at this time, with the remaining funds of nearly \$8 million primarily for Housing activities. Activities for 37 new single and multi-family units were added this quarter.

The first appropriation housing funds have been heavily devoted to the single family homeowner arena, with rental projects being funded from the second appropriation (Ike) funds.

# Prior Period Adjustments (Direct Benefit Activity)

- DRGR will check the cumulative totals for total households from the race/ethnicity data and compare it to the cumulative totals by income level. Additionally, it checks cumulative totals by tenure and by housing unit.
- **If there is an inconsistency, DRGR will display an error message and a user must make prior-period corrections.**
- Error message example:

**Cumulative sum of income levels for 'Households - Total' must be equal to cumulative sum of 'Owner – Total' <Number>**

# Prior Period Adjustments (Direct Benefit Activity)

Common reasons for a grantee needing to make prior period adjustments:

- In the Action Plan during the quarter, a new benefit type was selected. However, in prior QPRs, the grantee has already reported accomplishment data.
- In the Action Plan during the quarter, benefit measures (i.e. owner/renter, single-family/multi-family) are added or modified. However, in prior QPRs, the grantee has already reported accomplishment data.
- Backing out incorrect data

# Prior Period Adjustments

## Purpose:

Bring key categories and subcategories into balance depending on what has already been reported in prior QPRs.

## How to:

- Step A: Determine the correct ACTUAL cumulative data for that Activity (regardless of what DRGR shows).
- Step B: Determine the cumulative data showing in the DRGR (based on information from the immediately prior QPR).
- Step C: Adding Step A and Step B together, calculate the IN QUARTER data to be entered in the QPR.

# Prior Period Adjustments

For Step B. Two methods to review and analyze data already in DRGR:

- Pull DRGR PerfReport 1 and PerfReport 6
- ‘View Cumulative Totals’ Link

# Prior Period Adjustments

Issue	Guidance
<b>New benefit measure selected with existing data in old QPRs</b>	The “HOUSING UNIT” data in yellow demonstrates an example where 135 housing units were entered through the prior QPR, but the grantee had not entered any data in “SF” (i.e., single-family). If the grantee selected SINGLE FAMILY in the Action Plan during the last quarter and another 14 units were completed, they would enter 11 in HOUSING UNITS and 146 in SF HOUSING UNITS.
<b>Backing out old data</b>	Grantees can enter negative numbers in QPRs in different beneficiary data fields as long as cumulative totals equal.
<b>Regular data entry (categories and subcategories already selected in prior QPRs)</b>	If there is only one subcategory and it was selected before the last QPR, then there is a low likelihood for prior period corrections needed. In this case, there are 11 new households showing and 11 new owner households.

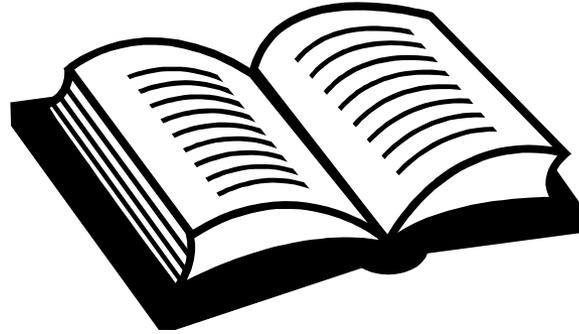

# Submission

Prior to submitting the QPR, review the following:

- Make sure Action Plan is not under review
- Are you in compliance of funding restrictions?
- Is Overall Progress Narrative sufficient to explain the progress or lack of progress?
- When reviewed as a whole, does QPR provide HUD enough information to show sufficient progress?
- Are all the performance metrics entered in compliance? Have they met an end-use?

# Deadlines

- First QPR is due: 30 days after the first full quarter after the grant agreement is executed.
- If a QPR has been rejected, a grantee has 10 days to remedy the issue and resubmit. Second consecutive late QPR = finding
- HUD QPR review is due within 30 days of QPR submission.
