September 22, 2020 3:05 PM from Thomas Bednar to everyone: To ask a question verbally, please use the "raise hand" feature in the bottom right corner of your Webex screen

September 22, 2020 3:06 PM from Thomas Bednar to everyone: Please make sure to connect a microphone or other audio feature if you want to ask a question verbally

September 22, 2020 3:06 PM from Jazmyn Thomas to everyone: When is the quarterly report due? I've seen two separate dates: October 10 and October 30. Which is correct?

September 22, 2020 3:08 PM from meradith alsbaugh to everyone: The reports are due in Sage by October 30

September 22, 2020 3:08 PM from Charla Gaskins to everyone: We have begun the set up for our executed contracts. Will we be able to go back in quarter two to set up bundles for another category when those contracts are executed or do we need to set up everything together?

September 22, 2020 3:10 PM from Evan Phillips to everyone: How are projects such as hand washing stations identified for step 3: Identify ESG-CV Funded Projects?

September 22, 2020 3:13 PM from Betty Rawnsley-Erazo to everyone: So, the hand washing stations would go under street outreach?

September 22, 2020 3:13 PM from Matt Bower to everyone: So, outreach activities are not required to submit a csv report?

September 22, 2020 3:14 PM from SG Freeman to everyone: Hello All! thank you so much for these sessions, they really are helpful as we figure things out together?

September 22, 2020 3:14 PM from Sarah Schutt to everyone: I just want to make sure I have this right, if there are no projects serving clients, but they have been using their funding to hire, etc, then they can hold off until the next reporting cycle/quarter to do the CAPER?

September 22, 2020 3:14 PM from Helen Jones to everyone: We do not have an agreement with sub-recipient. Do we need to report? The sub has had expenditures.

September 22, 2020 3:15 PM from Sterlon Sims to everyone: Can we wait until the contract agreements are executed prior to enter subrecipients to report clients served? Or do we complete reporting now before a executed agreement?

September 22, 2020 3:15 PM from SG Freeman to everyone: Can you please clarify, if FEMA trailers are used, can do they qualify as permanent housing?

September 22, 2020 3:16 PM from Christopher McGadney to everyone: Are the spending benchmarks?

September 22, 2020 3:17 PM from Daniel Mouer to everyone: ok, you just answered my questions

September 22, 2020 3:17 PM from Elizabeth Daniels-Totten to everyone: Sorry-- resubmitting my question because I hadn't sent to "everyone": Similar to a previous question, we are just executing contracts with subrecipients, and we will be reimbursing for costs that occurred this summer. Can we provide estimates for the expenditures and go back and edit them in future reports?

September 22, 2020 3:18 PM from Jazmyn Thomas to everyone: When will the guidance on the SAGE website be available?

September 22, 2020 from Elizabeth Daniels-Totten to all attendees: 3:15 PM

September 22, 2020 3:20 PM from meradith alsbaugh to everyone: @Jazmin - soon hopefully! It is still under review with HUD

September 22, 2020 3:21 PM from William Snow to everyone: @ Sarah - it depends on what you are talking about with staff? If you are paying for staff in a shelter, then you are using those staff to serve clients and will need to report. This will be common if hazard pay is paid to shelter staff. This would count as an impact on clients. But if you pay for handwashing stations, we are not making you report on each person who uses that.

September 22, 2020 from Cynthia C to all attendees: 3:21 PM
will the SAGE guidance be available on or before October 1st?

September 22, 2020 3:23 PM from Erin Matheny to everyone: Can the recipient change the HMIS contact in Sage, so that a designated staff member who is not the primary HMIS contact for the CoC can complete the uploads? I ask because the recipient stated she cannot change the HMIS contact, but she also stated they haven't expended any funds yet.

September 22, 2020 3:23 PM from Marisela Manzo to everyone: If FEMA Trailers are converted into a mobile home park with space rent and its own utilities?

September 22, 2020 3:26 PM from Carla Wallace to everyone: I missed last week's q&a and some of another session. Is there an exact document with step by step instructions for setting everything up?

September 22, 2020 3:27 PM from William Snow to everyone: @ Marisela - maybe. This is definitely something that will require an AAQ with more details.

September 22, 2020 3:27 PM from meradith alsbaugh to everyone: Materials from each of these training and Q&A Sessions can be found here:
<https://www.hudexchange.info/trainings/courses/esg-cv-reporting-requirements-training-series-for-city-county-esg-recipients/>

September 22, 2020 3:27 PM from William Snow to everyone: @ Carla - that is the guidance document we are talking about. It is not out yet but will be coming.

September 22, 2020 3:27 PM from Becky Hall to everyone: This is probably a much lower level question than most are asking but how do I determine what level of access I need in Sage as the CoC HMIS Lead for my community?

September 22, 2020 3:27 PM from Marisela Manzo to everyone: Is there a specific Naming outline when you create projects in HMIS for CV1 and CV2

September 22, 2020 3:28 PM from Stacy Tarpley to everyone: HUD Exchange discusses utilizing Centralized Rent Administration Programs. How should these projects be funded, ESG-CV RRH? Multiple different housing providers will provide the case management and services under an ESG-CV RRH allocation. If the Centralized Rent Administration Program and the Case Management Programs are all entering client data into HMIS how do we avoid duplication of reporting?

September 22, 2020 3:29 PM from Evan Phillips to everyone: On step 2 "Step 2: Set up the HMIS and Comparable Database System contacts" for VSP do we need list the VSP agency itself or the program contact that the VSP use? For example, we fund two Domestic Violence shelters which use a 3rd party program to track their data, do I need to get the 3rd party contact or do I just use contacts at the domestic violence shelters itself?

September 22, 2020 3:29 PM from Patricia Longua to everyone: Are the previous Sage webinars online yet? Last time I looked they weren't published yet. Trying to access the first webinar to use for bundling instructions.

September 22, 2020 3:29 PM from Becky Hall to everyone: This is probably a much lower level question than what most are dealing with, but how do I determine what level/permissions for access in Sage do I need assigned? I am the CoC HMIS Lead for our community and I am thinking I do not have the needed access for many of these tasks.

September 22, 2020 3:30 PM from Samantha Carpio to everyone: Does anyone know if the ESG-CV Guidance has been released? If so, where can I find it?

September 22, 2020 3:30 PM from William Snow to everyone: @ Samantha - not yet. Sorry. We are trying to get it out soon.

September 22, 2020 3:31 PM from Samantha Carpio to everyone: Thanks

September 22, 2020 3:31 PM from Becky Hall to host & presenter: So I am not responsible for building the bundles in Sage?

September 22, 2020 3:31 PM from Tommy Phillips to everyone: what are the spending expectation for base FY 2019 and 2020 ESG spending with ESG -CV expenses

September 22, 2020 3:32 PM from David Carlton to everyone: When can we expect to receive the email with Portal link from Sage?

September 22, 2020 3:35 PM from Evan Phillips to everyone: How do we name our Bundles?

September 22, 2020 3:36 PM from Alyssa Hebler to everyone: can you show an example with RRH?

September 22, 2020 3:37 PM from Patricia Longua to everyone: Samantha, Check CPD Notice-20-08. Covers waivers and Alternate Requirements for ESG-CV funds.

September 22, 2020 3:41 PM from Alyssa Hebler to everyone: I am looking at your workflow and examples with street outreach and was curious if the reporting was the same or looks the same in sage. we were awarded RRH we don't have shelter outreach or anything else-sorry for the confusion thank you

September 22, 2020 3:41 PM from Christopher McGadney to everyone: May I see an example of a project name in SAGE?

September 22, 2020 3:42 PM from Fred Hintz to everyone: If our ESG recipient received their contracts from HUD in late September, but won't have served any clients until October, will the initial reporting period still have to be submitted, but with no client information?

September 22, 2020 3:42 PM from Alyssa Hebler to everyone: thank you very much!

September 22, 2020 3:43 PM from Christopher McGadney to everyone: Okay - thanks. Which should correlate with the project name in HMIS.
