October 27, 2020            3:13 PM            from Benjamin Sturm to everyone:    @Dana Jones Grantees can “apply” for ESG-CV funds by including those funds in the 2020 Action Plan or by processing a substantial amendment to the 2019 Action Plan. Grantees must include the ESG-CV funds in the most recently approved Plan.

October 27, 2020            3:13 PM            from Benjamin Sturm to everyone:    @Anna Lujan There is no required order of priority for expending ESG funding relative to other federal or nonfederal funds, though grantees must follow the funding priority requirements established by other federal/non federal programs. ESG recipients are required to develop policies and procedures for ensuring there is no duplication of benefits. The FEDERAL FUNDING PRIORITY ORDER FOR NONCONGREGATE SHELTER DURING COVID (June 23, 2020) is available here:

October 27, 2020            3:15 PM            from Benjamin Sturm to everyone:    @Panisia Neueli All Rounds of ESG-CV will be combined into one grant, but annual ESG funds (in this case your 2020 ESG grant funds) are treated as a separate grant.

October 27, 2020            3:17 PM            from David DeGrio to everyone:            The way this is laid out means that \$26,000 was for non-COVID and \$24,000 was for COVID, (total of \$50,000) or is it a total of \$74,000?

October 27, 2020            3:21 PM            from Marlisa Grogan to everyone:            @Dana - no, there are no required differences in priorities for the first and second allocations. However, the first allocation was intended to help recipients provide immediate emergency assistance for initial covid response.

October 27, 2020            3:22 PM            from Marsha Tsangaris to everyone:            Is this process to be used for the YDHP Youth Homelessness Demonstration Grant?

October 27, 2020            3:22 PM            from Marlisa Grogan to everyone:            @David - in the activity description example, \$50K was for non-covid and \$24 was for covid response for a total of \$74K

October 27, 2020            3:22 PM            from Marlisa Grogan to everyone:            @Marsha - this training is not applicable to YHDP

October 27, 2020            3:22 PM            from Danielle Meister to everyone:            Hi, just to clarify for State Recipients - if CoC Leads are our "subs" and homeless services providers are our "sub-subs", are you saying it's the sub-subs that should be put into IDIS? Our grant agreements are with CoCs, our "subs"

October 27, 2020            3:25 PM            from Patricia Hennessy to everyone: Can you share the link to the training site please? And is the login information the same as regular IDIS?

October 27, 2020            3:25 PM            from Marlisa Grogan to everyone:    @Alicia - no, the naming convention for the FY20 Project and FY20 activities are the same as for prior years. Remember - you're only setting up 1 FY20 Project and only 1 FY20 activity for each of the components you're funding (i.e., not separate setup for FY20 annual and ESG-CV)

October 27, 2020            3:25 PM            from Benjamin Sturm to everyone:    @Rashika Per the ESG-CV Notice, examples of Landlord Incentives include: signing bonuses up to 2 months of rent; security deposits up to 3 months of rent; cost to repair damages incurred by program participant not covered by security deposit or incurred while program participant is staying in the unit; and costs of extra cleaning or maintenance of a program participant's unit or appliances. Volunteer Incentives might include cash or gift cards, for volunteers who have been and are currently helping to provide necessary services during the coronavirus outbreak.

October 27, 2020            3:28 PM            from Marlisa Grogan to everyone: @Anna - recipients may reimburse for costs dating back to the date your community began covid response (but no earlier than 1/21/2020)

October 27, 2020            3:28 PM            from Ahong Cha to everyone: What is the difference between HESG and ESG?

October 27, 2020            3:29 PM            from Panisia Neueli to everyone: Sorry what is an AAQ?

October 27, 2020            3:29 PM            from Benjamin Sturm to everyone: Yes. In the grant name, "DW" indicates the ESG-CV grant and "DC" indicates the annual ESG grant.

October 27, 2020            3:30 PM            from Marlisa Grogan to everyone: @Panisia - that's an "Ask A Question" - you can submit a question on the HUD Exchange from this site: <https://www.hudexchange.info/program-support/my-question/>

October 27, 2020            3:31 PM            from Christopher McGadney to everyone:    Would we need to setup a subfund for each category ie RRH, HP Shelter?

October 27, 2020            3:32 PM            from Jill Walsh to everyone:    Thank you

October 27, 2020            3:32 PM            from Marlisa Grogan to everyone:    @Christopher - no, a subfund should only be setup for Admin. You'll be setting up an activity for each of your ESG Components (ES, SO, HMIS, RRH, HMIS)

October 27, 2020            3:33 PM            from Christopher McGadney to everyone:    Okay, thanks.

October 27, 2020            3:33 PM            from Marlisa Grogan to everyone:    @Ma Teresa - yes, draw from your admin subfund to reimburse your subs

October 27, 2020            3:34 PM            from Katrina Rice to everyone:    So even though I will have 2 AD Subfunds, I will still only have 1 Activity correct?

October 27, 2020            3:35 PM            from Lee Tabor to everyone:            What is the difference between ESG and HESG? Why do we use HESG for ESG funding awards instead of ESG?

October 27, 2020            3:35 PM            from Marlisa Grogan to everyone:            @Rashika - gift cards may be provided as a volunteer incentive. Otherwise, providers can provide gift cards to program participants for an eligible activity (example: food under the emergency shelter component) but may only reimburse with ESG funds if you have the documentation (i.e, receipt showing that eligible costs were incurred).

October 27, 2020            3:36 PM            from Marlisa Grogan to everyone:            @Lee - "HESG" is used in IDIS to distinguish Emergency Solutions Grants Program from the legacy program (Emergency SHELTER grants program), which has been 'sunsetting'

October 27, 2020            3:37 PM            from Irene Marsh-Elmer to everyone:            How are funds added to the Estimated Amount table on View Project page?

October 27, 2020            3:37 PM            from Andrea Curtis to everyone:            If we should have an activity under the Project page, and it's not listed, can it be added after the AAP substantial amendment has been submitted?

October 27, 2020            3:37 PM            from Benjamin Sturm to everyone:            @Roberta Your Round 2 ESG-CV funds will be awarded under the same grant number as your Round 1 ESG-CV funds. Once your grant agreement for both Rounds is executed, in IDIS you will see the TOTAL ESG-CV amount (Round 1 + Round 2) under that same ESG-CV grant number.

October 27, 2020            3:40 PM            from Chris Pitcher to everyone:        @Roberta, you should try to select existing subrecipients if they are available in IDIS to limit duplication of organizations within the system

October 27, 2020            3:52 PM            from Benjamin Sturm to everyone:    @Robert Begay Is this question about the funding obligation deadline? Obligation deadline requirements in 576.203(a)(2) apply: Grantees have 180 days from the date of HUD's signature on the grant agreement to obligate. However, if additional time is needed to identify entities that have capacity and expertise to mitigate the impacts of coronavirus, local governments and territories have up to 240 days from the date of HUD's signature on the grant agreement to obligate funds to subrecipients.
