15:23:14 From Raina Smith-Roller (she, her) : YES! We have struggled with budget transparency but are getting closer to that!

15:23:47 From Raina Smith-Roller (she, her) : It has been a frustration for our YAB

15:30:55 From Lauren Jacobs (she/her) : What experiences have folks had around legal liability and providing tech/internet support to youth? In particular minors?

what doesn't, understand both the "system" lens and the young adult perspective and can translate between them

15:35:16 From C'Mone : Peer to peer model is a must. Youth trust other youth and are more likely to listen and engage when met by another youth. Also peers can provide guidance and feedback from a first hand perspective to help youth that are currently struggling with homelessness

15:35:18 From Knorth : Sometimes youth, staff, or really anyone involved are very uncomfortable with supporting YAB in making it's own decisions about how to be together and all the other decisions around budget, etc.

15:35:57 From Michelle Coronado : I can share our peer to peer models

15:36:32 From Susan Starrett : We will post the slides with the recording and transcript on the HUD Exchange - YHDP page. <https://www.hudexchange.info/programs/yhdp/> Unfortunately we are not able to email the presentation out in advance. We need to ensure that the slides and transcript are compliant with ADA and 508 rules prior to sending out. We will work really hard to get these posted as quickly as we can!

15:37:34 From Raina Smith-Roller (she, her) : We have a Peer Support Specialist on our YAB, which I believe has been helpful for other members. We are currently building up our peer support resources in Clackamas County, through our YHDP funded Diversion project.

15:37:42 From Marcel C Rivas : Susan, thank you.

15:43:55 From Riannon Bardsley, she/her : YES!! I love this. in WA BoS we added two seats for the Youth Board Members at the Steering Committee

15:47:24 From Bridgette Semler (they/she) : I would really appreciate if anyone had suggestions for teleconferencing apps with best Live Captions. Our YAB uses Google Meet which works really well for us, but when we are working with the broader community - many folks don't provide live caption options, and some people have safeguards in their organization which doesn't allow them to use Google Meet as a platform. We've also tried the app 'otter' which didn't have the best results

15:47:44 From Bridgette Semler (they/she) : (Sorry that didn't have to do with the discussion question! Just an open ended question for another time)

15:48:23 From Miranda Eddy : We include our adult advisory board and our youth action board chairs in our Coc wide advisory board meeting and present them with any policy or procedure changes prior to taking it to the board for a full vote

15:48:35 From C'Mone : In Alameda County we have added a YAB specific seat to our HUD CoC as well as to our systems planning committee within the CoC. The YAB was also voted as a subcommittee of the CoC and that have a standing place on the agenda to provide updates

15:50:04 From Qariah Lucas : In Essex County CoC we have a Consumer Liasion seat on the E-board. The president of our upcoming YAB will fill that seat.

15:51:09 From Sarah Schutt : We ensure this by making the Youth Advisory Board part of our overall CoC Governance structure and give them tasks regarding all community funding decisions, policy development or editing, and also includes having the Youth Board President have a seat on our CoC Board. This allows the youth to bring their voices to the table for all aspects of the CoC.

15:53:02 From C'Mone : heard, thank you for that feedback

15:57:40 From C'Mone : Many of our members are identified through the main youth shelter in Oakland. Any thoughts on how to identify youth in other areas to widen perspective? (I know it can differ by location) Any thoughts are appreciated!

15:59:41 From Hannah McCarty : Does anyone have recommendations for reinvigorating a YAB during covid? And recruiting remotely?

16:00:38 From C'Mone : Thank you

16:00:41 From Bridgette Semler (they/she) : Hannah - I don't have any answers at the moment, but I want to echo the sentiment!

16:01:00 From Jayme : We are struggling with meaty agenda items for the YAB meetings to discuss during their meetings, since our YAB is pretty new. We have governance, etc. solidified. They are hungry for meaningful items to discuss. Any suggestions?

16:01:49 From Susan Starrett : Are folks thinking about including their YABs in conversations related to vaccine distribution policies and processes?

16:02:15 From C'Mone : Continue to have virtual meetings and offer easy ways to submit timesheets on their phone. Sometimes meeting virtually is easier

16:02:31 From C'Mone : Thank you all!

16:03:16 From Riannon Bardsley, she/her : we are trying to do fun things at our meetings to help young people - it seems to help with motivation to attend. I also follow-up with lots of 1:1 texts and phone calls. Its super hard right now!

16:07:53 From Cbweinreb : thank yall soooooo muchhh

16:07:54 From Bridgette Semler (they/she) : This had to do with an earlier question (about how to engage / inspire the YAB during COVID times). One helpful tip that was given to me was: since we're approaching 2021, this is a time that we can have a renewal of values and intentions. Revisit what's been done so far, and talk about where we want to go in the new year
