

HUD's 2005 Continuum of Care Homeless Assistance Programs Homeless Populations and Subpopulations

Important Notes About This Data: This report is based on point-in-time information provided to HUD by Continuums of Care (CoCs) in the 2005 Continuum of Care Homeless Assistance Programs application and has not been independently verified by HUD. The user is cautioned that although CoCs are required to provide an unduplicated count of homeless persons, a standardized methodology to determine unduplicated counts of homeless persons within CoCs has not yet been implemented and the reliability of different street count methodologies can vary. Furthermore any data within this report that aggregates information above the CoC level is not unduplicated for homeless persons that may have been counted in more than one CoC..

For inquiries about data reported by a specific Continuum of Care, please contact that jurisdiction directly. CoC contact information can be found on the HUD web site.
