HUD 2021 Continuum of Care Homeless Assistance Programs Homeless Populations and Subpopulations

Important Notes About This Data: This report is based on point-in-time information provided to HUD by Continuums of Care (CoCs) as part of their CoC Program application process, per the Notice of Funding Availability (NOFA) for the Fiscal Year 2021 Continuum of Care Program Competition. CoCs are required to provide an unduplicated count of homeless persons according to HUD standards (explained in HUD's annual HIC and PIT count notice and HUD's Point-in-Time Count Methodology Guide https://www.hudexchange.info/hdx/guides/pit-hic/). HUD has conducted a limited data quality review but has not independently verified all of the information submitted by each CoC. The reader is therefore cautioned that since compliance with these standards may vary, the reliability and consistency of the homeless counts may also vary among CoCs. Additionally, a shift in the methodology a CoC uses to count the homeless may cause a change in homeless counts between reporting periods.

**In 2021, HUD gave communities the option to cancel or modify the unsheltered survey portion of their counts based on the potential risk of COVID-19 transmission associated with conducting an in-person survey. As a result, HUD has excluded the unsheltered population sub-totals and all unsheltered sub-population data for this reporting period. The user is cautioned that the unsheltered and total homeless counts reported here may be missing data.

[1]This category includes single adults, adult couples with no children, and groups of adults.
[2]This category includes households with one adult and at least one child under age 18.
[3]This category includes persons under age 18, including children in one-child households, adolescent parents and their children, adolescent siblings, or other household configurations composed only of children.
