Action Plan Comments:

- Reviewer - Activities are found to be acceptable. Two activities have budgets that may not be correct. Will follow-up with grantee. - BLG 1/29/10
- Reviewer - Updated activity information is found to be acceptable. Action Plan is found to be acceptable. - BLG 4/28/10
Concurring in Reviewer's comments: RTH 4/28/10
- Reviewer - Updated activity information is generally acceptable with some minor changes needed. Action Plan is found to be acceptable. - BLG 7/28/10
- Reviewer - Action Plan is found to be acceptable. - BLG 7/29/10
- Reviewer - Grantee has updated action plan to reflect progress, found to be acceptable. - KD 10.28.10
Concurrence and approval of the updates: RTH 10/29/10
- Reviewer - PJ wanted to update the date since the plan was last reviewed in Oct. 2010. There were no other changes to the plan. Update is acceptable. -OA 1/28/2011
- Bilodeau, Approved - TB - 1/28/11
- Reviewer - Plan is rejected as there are several reporting issues: The 25% set-aside activities (LH25) should be reported as Low under Benefit Report Types. If the activity is Acquisition, there should not be beneficiary data; this data should be reported under Redevelopment activity. -OA 2/7/2011
- Reviewer - Grantee updated reporting data for 25% Set-aside. Grantee will need to resolve reporting data for non-land banked Acquisition activities (i.e. NSP610-Const_25%, NSP558_25%, NSP565_25%, and others). A site that is acquired under Acquisition activity and reconstructed/rehabbed under another activity should not have beneficiary data under Acquisition. The data should be reported under Reconstruction or Rehab activity. Plan is approved at this time, but grantee will need to resolve this issue by 30 Apr. 2011 QPR period. -OA 2/8/2011
- Reviewer - Action Plan is rejected as some beneficiaries are incorrectly reported. Activity NSP579-REHAB is LMMI but is reported as Low; Activity NSP636-CONST_25% is LH25 but is reported as Mod or Middle Income; and where acquisition and rehab are separate activities for the same site, beneficiaries should be reported under rehab/sale, not acquisition (i.e. activities NSP644_25%, NSP648, NSP649, NSP653, and others). Requested grantee to correct these issues. -OA 4/25/2011

Reviewer - Grantee corrected some reporting issues identified on 4/25/2011, but cannot delete Direct HH Proposed Beneficiaries for some Acquisition activities or fix a number of other reporting issues as this will take some time. Recommend that grantee seek remote TA to streamline DRGR reporting and information management, one of which could be combining Acquisition and Rehab Activities for each site into one activity. Other than these issues, the updates are acceptable. -OA 4/27/2011

Bilodeau, Approved - TB - 4/27/11

Reviewer - Action Plan is rejected as Activities NSP610_25%, NSP615_25%, NSP632_25%, NSP635_25%, NSP636-CONST_25%, and NSP715_25% are LH25 but are reported as Mod or Middle Income. These should be reported as Low. -OA 5/9/2011

Reviewer - Grantee corrected reporting issues identified on 5/9/2011. These updates are acceptable. -OA 5/9/2011

Bilodeau, Approved - TB - 5/9/11

Darton, Kyle Grantee updated action plan to reflect progress. A number of 'benefit report types' will need to be discussed and possibly corrected after submission of the QPR. - KD 7.28.11
