

rising unemployment (up from 7.6% in June 2005 to 20.14% as of June 2010) have resulted in an increased number of un-maintained, blighted properties. These properties depress home values and send the signal that no one cares, and thus perpetuate more and more poorly maintained areas of blight. Demolition of blighted structures in this community will assist residents to regain control of their neighborhoods. In addition, this activity will continue through the demolition of 4 blighted properties under the City's NSP1 grant and will help to curb the decline of property values in surrounding areas. This target area is a predominately low to moderate income community, and the elimination of blight in this area will benefit the households in this area by protecting their community and eliminating nuisances and illegal activities often attracted to blighted properties. This area of greatest need has a percentage of housing units with high cost mortgages between 2004 and 2007 at 39.51% of the total number of 2830 housing units. 17% of the properties in this area

Ensuring Continued Affordability:

Long Term Affordability: Affordability requirements for rental and homeownership housing will mirror the requirements of the HOME Investment Partnerships Program found at 24 CFR 92.252 and 92.254. Affordability requirements will be enforced for the required duration through the use of deed restrictions and resale and recapture provisions.

Homeownership – The length of affordability will be dependent upon the amount of NSP funds provided to the buyer as subsidy.

Amount of Funds	Years
Under \$15,000	5
\$15,000 - \$40,000	10
Over \$40,000	15

In order to preserve affordability, beneficiaries of NSP funds for homeownership will be required to pay back all or a portion of the subsidy provided if they sell or cease to occupy the property as their primary residence during the period of affordability outlined above. Each year that the period of affordability is maintained, a portion of the subsidy provided for the property is forgiven. A beneficiary who sells the property during the period of affordability may sell the home to any willing buyer at any price. Once the funds are repaid according to the repayment formula, the home is no longer subject to any restrictions. Loan documents will be recorded on the property to ensure NSP affordability requirements are met.

Rental – The length of affordability will be dependent upon construction type and the amount of NSP funds invested in the unit.

Construction Type	Amount of Funds	Years
Rehabilitation and/or Acquisition	Under \$15,000	5
Rehabilitation and/or Acquisition	\$15,000 - \$40,000	10
Rehabilitation and/or Acquisition	Over \$40,000	15
New Construction or Acquisition of New Construction	Any dollar amount	20

For the duration of the affordability period, rental units designated to meet the 25% set-aside requirement must be occupied by households with incomes at or below 50% of area median income and the rents must be affordable (as previously defined). NSP rental units not designated to meet the set-aside must be occupied by households with incomes at or below 120% of area median. Restrictive covenants will be recorded on the property to ensure NSP affordability requirements are met.

Definition of Blighted Structure:

Blighted Structure: A structure that exhibits objectively determinable signs of deterioration sufficient to constitute a threat to human health, safety, and public welfare. A blighted unit is a unit with at least one or more major structural or system deficiencies based on Section 8 HQS or a more stringent local code. Documentation will be required to provide evidence that the structure is in fact blighted by demonstrating condemnation or a history of code violations/citations or other similar level of intervention by the locality in which it is located to establish that the building is in a substandard condition and a threat to public health and safety.

Definition of Affordable Rents:

Affordable Rents: The Authority will adopt the HOME Investment Partnerships Programs definition of affordable rents contained in 24 CFR 92.252(a) which is defined as rent plus utility costs which do not exceed the lesser of the Section 8 Fair Market Rent (FMR) for existing housing established by HUD under 24 CFR Part 888.111 for the jurisdiction in which the property is located or 30% of the adjusted income of a family whose annual income equals 65% of the median income for the area as determined by HUD, with adjustments for number of bedrooms in the unit. Owners will be required to review and update rents annually for the term of the affordability period. Maximum monthly allowance for utilities will be obtained from the local housing authority.

Housing Rehabilitation/New Construction Standards:

Housing Rehabilitation Standards: NSP assisted properties must be rehabilitated to meet the minimum HUD Section 8 Housing Quality Standards (HQS). NSP3 recipients will be required to meet the requirements located in Chapter 6 of the NSP Program Management Manual located at:

http://www.schousing.com/Neighborhood_Stabilization_Program/NSP_Manuals_&_Forms

Where local codes and standards apply, properties must meet those applicable codes and standards. Properties must be in compliance with the Community Development Block Grant (CDGB) Lead-Based Paint requirements. Recipients will follow the requirements as described in Chapter 9 of the NSP Program Management Manual located at the web address provided above.

In addition, all new construction and gut rehabilitation activities for residential properties up to 3 stories must be designed and built to meet the standard for Energy Star Qualified New Homes. All gut rehabilitation and new construction of multi-family mid or high rise properties must be designed and built to meet the American Society of Heating, Refrigerating, and Air-Conditioning Engineers (ASHRAE) Standard 90.1-2004, Appendix G plus 20% (which is Energy Star Standard for multi-family buildings piloted by the Environmental Protection Agency and the Department of Energy).

All other rehabilitation must meet the following standards to the extent applicable to the rehabilitation work undertaken, e.g. replace older obsolete products and appliances (such as windows, doors, lighting, hot water heaters, furnaces, boilers, air conditioning units, refrigerators, clothes washers and dishwashers) with Energy Star labeled products. Water efficient toilets, showers, and faucets, such as those with the WaterSense Label are also required to be installed. Where relevant, properties

should be improved to mitigate the impact of natural disasters such as flood, hurricanes, earthquakes, fires, and tornados.

Vicinity Hiring:

Vicinity Hiring Requirements: Subrecipients and their funding partners will be required to the maximum extent possible, to provide for the hiring of employees who reside in the vicinity of NSP3 projects (identified areas of greatest need) or contract with small businesses that are owned and operated by persons residing in the vicinity of the project. Small businesses are defined as those meeting the criteria set forth in section 3(a) of the Small Business Act 42 U.S.C. 5302(a)(23). Recipients, as will be required by their subrecipient agreements will incorporate this preference into their written procurement policies, and bid documents and pass this requirement along to all funding partners/developers participating in their programs.

Procedures for Preferences for Affordable Rental Dev.:

Rental Housing Preference: To meet the 25% set-aside requirement to house beneficiaries with household incomes at or below 50% of area median income, the state required all NSP3 subrecipients to incorporate into their program design a minimum of 30% of project funds to be budgeted for activities that increased the stock of affordable rental housing made available to households at or below 50% of area median income.

Action Plan Comments:

- Reviewer - The State of South Carolina targeted NSP-3 funding to four municipalities that have census tracts with need scores ranging from 16.05 to 20. The entities identified for funding are: City of Florence, City of Rock Hill, City of Spartanburg, and Richland County. South Carolina's NSP-3 minimum need score is 16. The State has identified four activities which meet the LH-25 national objective. Each of these activities has a rental end use. Budgeted LH-25 activities total \$1,635,914.31 which is 29% of the grant award. Demolition activities total \$333,290.92 which is 5.9% of the grant award. Funds for administration total \$561,502 which is 10% of the grant award. A total of four activities (all permanent rental housing) have been identified to assist persons at or below 50% AMI. Budgeted LH-25 activities total \$1,635,914.31 which is 29% of the grant award. Reviewed by BE on 3/4/11.
- Reviewer - The grantee reported that Richland County has added Neighborhood ID# 3688629 to its area of greatest need. Reviewed by BE on 4/10/12.
- Reviewer - The grantee changed the Activity Status from "Planned" to "Under Way" for the following activities: 11-100-1, 11-110-1, 11-110-2, 11-110-3, 11-110-4, 11-116-1, 11-116-2, 11-116-3, 11-116-4, 11-118A-1, 11-118A-2, 11-118A-3, 11-118A-4, and 11-119-1. Reviewed by BE on 8/9/12.
- Reviewer - The grantee reported that the City of Rock Hill has added Neighborhood ID# 3214019 to its area of greatest need. This neighborhood has an NSP-3 Score of 16.24. Citizen participation requirements have been met. Reviewed by BE on 8/31/12.
- Reviewer - The State's NSP-3 Action Plan amendments that were submitted on 10/15/12 have been reviewed and approved. These amendments pertain to budget transfers from Activity #119-4 to Activity #119-3 and to a newly created Activity #119-6. The amendment also includes a request to add Neighborhood ID# 7121856 to the City of Spartanburg's area of greatest need. This neighborhood has an NSP-3 Score of 18. The State indicates that the Citizen Participation requirements have been met.

- Reviewer - The grantee reported no changes to the Action Plan.
- Reviewer - The grantee completed two activities: 11-100-2 and 11-110-2 and modified the end date until December 30, 2018 for the following activities: 11-118A-1, 11-118A-3, and 11-118A-6.
- Reviewer - The grantee decreased the budget of 11-118A-5 by \$111,816.67 and increased the budget of 08-100-RLF by that amount.
The grantee decreased the budget of 11-118A-1 by \$18 and increased the budget of 11-118A-05 by that amount.
The grantee decreased the budget of 11-100-2 by \$1,815.77 and increased the budget of 11-118A-5 by that amount.
The grantee decreased the budget of 08-100-RLF by \$167,540.59.
The grantee increased the budget of 08-100-RLF by 3,491.31 and decreased the budget of 11-118A-1 by that amount.
- Reviewer - Action Plan corrections from HUD 4/16/18 email have been reviewed and approved. BE
- Reviewer - The grantee reported the completion of activity 11-118A-5. The grantee also reported that all activities under the NSP-3 award are now complete. Reviewed by BE on 4/26/18.
