## Plan Description:

The State of Alaska received the minimum state formula allocation for NSP and immediately began discussing the NSP program with Alaskan citizens and local and state government staff. An NSP web page was established on the AHFC website and NSP materials and links to the HUD NSP webpage were posted, as developed. AHFC was designated the lead agency by the Governor. The draft NSP Substantial Amendment was posted for public comment for the required comment period. A statewide, recorded teleconference was held on October to solicit input into the plan and to answer questions. Many provider groups began working together to determine NSP needs in their respective communities and many public comments were received with regard to the distribution and use of the NSP funds in Alaska. AHFC staff presented the NSP program to a number of urban and rural groups in Alaska during the Fall/Winter of 2008. AHFC reviewed the HUD foreclosure and abandonment risk scores to determine the areas of greatest need in Alaska and reviewed the OFHEO data, the HMDA data, and AHFC mortgage data to develop an Alaskan NSP allocation formula using the following factors: potential subprime percentage, foreclosure percentage, notices of default, and eligible LMMI tracts/block group within each area. AHFC proposed a competitive "Request for Qualifications" competition for funds in the SA which would be held by geographic recording district/funding area. AHFC requested a flexible approach in developing Alaska's NSP program due to Alaska's vast, diverse service area and the challenges faced in developing rural projects. AHFC reserved the right in the SA to reallocate any funds not allocated through the initial RFQ process between allocation areas and proposed to pull funds from grantees to reaward if substantial progress could not be achieved by grantees within six months of grant award. AHFC also reserved the right to use NSP funds for the acquisition of housing for the Public Housing Division or for an AHFC Land Bank Activity, proposing to work on behalf of smaller communities or agencies who lacked capacity to independently acquire properties and negotiate the appropriate purchase discount. The Recording District/Funding Areas initially proposed for the Alaskan NSP Program are as follows: Rank 1 Anchorage Rank 5 Ketchikan Rank 2 Mat-Su Borough Rank 6 Juneau Rank 3 Fairbanks/NS Borough Rank 7 Rest of State category Rank 4 Kenai Peninsula Initially, all five NSP eligible uses and corresponding eligible activities, plus an administrative cost use were proposed in order to give potential NSP applicants a broad menu of NSP program planning options. AHFC's Substantial Amendment was approved by HUD Headquarters on December 29, 2008.

## Recovery Needs:

A competitive "Request for Qualifications" process was held in February/March of 2009. Applicants who could identify substantially "shovel-ready" projects in areas of greatest need with higher HUD Foreclosure Risk Assessment Scores, had fully developed project budgets and could demonstrate site control, received additional, project-based points in the RFQ process. Applicants who could not identify specific projects were eligible applicants, but were not eligible to receive project-based points. Responsive applications were received in Anchorage, Fairbanks, Kenai and Juneau funding areas. Additional project-based points were awarded when an applicant targeted "greatest need areas" with a Risk Assessment Score of between 3-6 within their application. Applications were not received for projects in the Mat-Su Borough funding area, the Ketchikan funding area, and the rest of state funding area.

As per the SA, funds were reallocated from the three areas without applicants into the Fairbanks/North Star Borough funding area and the Municipality of Anchorage funding area on a formula basis as the projects proposed exceeded the amount of funds initially available. Additional funds were not allocated to the Kenai and Juneau areas due to their initial ranking of four and six on the statewide distribution table.

Due to the lack of applications targeting the LR-25 set-aside, acquisition of foreclosed or abandoned homes or residential properties, \$1.9 million in program funds plus an additional potential \$190,000 in administrative funds were held back from the reallocation process to fully fund LR-25 activities in greater need areas. AHFC is exploring a reallocation strategy which may specifically target the Mat-Su Borough for this activity due to the Borough's designation as an area of greater need during the initial distribution process. Prior to moving forward in the allocation of the LR-25 set-aside funds, AHFC proposes to wait for the release of the HUD "NSP Bridge Document" that AHFC anticipates will modify the discount rate required to be negotiated by grantees on properties and the appraisal requirements found in the initial notice. Many potential applicants felt the required discount rate could be difficult to achieve in Alaska and opted to undertake redevelopment activities under Use(E) rather than undertake acquisition activities for abandoned or foreclosed homes, which required the negotiation of a discount.

Proposals were reviewed by an evaluation committee and a final "Intent to Award" released on May 1, 2009. No award protests were received. Substantially "shovel-ready" projects are moving quickly forward with environmental reviews. When appropriate, a tiered environmental review process will be utilized.

Activities proposed by NSP awardees are as follows: acquisition, rehabilitation, demolition (clearance of blight), new housing construction, relocation, and housing counseling. Additional activities may be added if the LR-25 set-aside projects target additional eligible activities. Additional reallocation of NSP funds and new uses/activities could be proposed if grantees fail to demonstrate substantial progress within six months of execution of grant award.

AHFC reserved 10% of the NSP allocation for administration activities and will use a portion of the funds for AHFC Admin. and a portion for Grantee Admin. as set forth in DRGR.

All awardees plan to have NSP funds totally expended by March 6, 2013, although a few projects proposed may not be totally completed by this date.

### Overall Progress Narrative:

Two NSP grantees have fully executed grant agreements in place, completed environmentals, and have moved forward with their NSP project activities--acquisition, demolition and new construction. Several other NSP awardees are in the process of identifying properties to option for purchase and/or have optioned properties and are gathering environmental information to submit for review. Several awardees attended the HUD-sponsored environmental review training in September. Awardees moving forward with an Eligible Use B activity are reviewing the foreclosure inventory in their area to determine how to best move forward to negotiate a discount rate on properties. Grantees in some areas have indicated that there is currently a small foreclosure inventory and are looking at alternate strategies such as purchase of multi-family rather than a single family property. AHFC has made one supplemental award of NSP funds and has offered a reservation to one grantee for NSP set-aside activities in the four census tracts identified on the NSP-2 data set as "areas of greatest need."

### Activity Description:

AHFC administration costs for administering the statewide NSP program.

### Location Description:

Alaska 1 - statewide

### Activity Progress Narrative:

AHFC administrative activities continued throughout the quarter. Program Manager drafted grant agreements, completed environmental reviews for several properties, met with grantees on their NSP projects, visited NSP sites, reviewed acquisition information, and attended a HUD-sponsored environmental review training. Grants Administrator reviewed drawdown and acquisition information, met with the financial staff of one grantee on reporting requirements, and attended a HUD-sponsored Davis-Bacon training. Both the NSP Program Manager, NSP Grants Administrator, and the AHFC Program auditors attended the HUD-sponsored NSP Training in Los Angeles, California, in early July.

The NSP set-aside reserve was allocated this quarter. The Program Manager reviewed the HUD NSP-2 data set and recommended that AHFC use the new HUD data set to set additional "greatest need" areas for allocation of a portion of the unallocated NSP funds. specifically targeting LH-25 set-aside activities in those newly identified areas of greatest need. A supplemental award of \$675,000 was made for an LH-25 set-aside activity in the Mountain View Revitalization area. An NSP award reservation of \$1.2 million was made from the pool of identified "NSP alternates" based on the initial prioritized ranking as provided in the NSP Substantial Amendment. Grantee will have until early December to formally accept the reservation to provide services in the newly identified "greatest need" areas in the Matanuska-Susitna Valley and/or Kenai Peninsula. If the reservation is not accepted, the reservation will be offered to the second highest ranking NSP alternate in the NSP alternates pool.

**Activity Progress Narrative:**

Two NSP sites have been identified, optioned, with environmental reviews in process; a third NSP site was identified and subsequently rejected due to the unsuitability of the property. A fourth potential site has been identified in Eagle River. NWA staff are exploring the feasibility of the fourth site.

Acquisition on the sites identified above is anticipated to be completed during the next quarter. The environmental review on the third site is anticipated to be completed in the next quarter with acquisition in early 2010.

Relocation activities for residents in remaining buildings prior to demolition activities. CDI-A proposes to complete Phase I, moving individuals from other buildings into Phase I, and relocate and demolish the three remaining buildings on a staggered schedule so that tenants can be relocated within the project and the project does not impact the rental market within the city of Fairbanks.

**Location Description:**

**Activity Progress Narrative:**

CDI, through its management company, Somerset Pacific, has provided copies of the GIN notices that were sent to Fairview Manor tenants initially on November 11, 2008. A second notice was sent to tenants on February 1, 2009, advising tenants that the redevelopment of Weeks Field II was moving forward and that tenants would need to be relocated. At that time, tenants were provided with a relocation application package to assist tenants in relocating which was to be completed and returned to Fairview Manor Management staff. A 90-day notice was delivered to tenants on June 4, 2009. CDI indicates that eleven families were temporarily relocated and six families were permanently relocated.
