Areas of Greatest Need:

AREAS OF GREATEST NEED: The map of the area of greatest needs is located on the Oregon Housing and Community Services website at: http://o.hcs.state.or.us/reser/NSP/googlemaps/5plus_3perplus.html. It is incorporated into the Substantial Amendment on page 4. In order to focus Neighborhood Stabilization Program funding in the areas of greatest need, OHCS established target block groups where the NSP funds are eligible to be spent. These target areas were determined by using the following two items: 1. the HUD calculated foreclosure abandonment risk score: The estimated foreclosure abandonment risk score incorporates the following three elements which are shown to be significant predictors of foreclosure: The Federal Reserve Home Mortgage Disclosure Act (HMDA) data on high cost loans, Office of Federal Housing Enterprise Oversight Data on rates of home prices decline, and the Bureau of Labor Statistics data on rates of unemployment; in addition to United States Postal Service local 90-day vacancy rates. 2. the 18 month foreclosure rate: The 18 month estimated foreclosure rate was calculated using the following three data elements which are shown to be significant predictors of foreclosure: The Federal Reserve Home Mortgage Disclosure Act (HMDA) Data on high cost loans, Office of Federal Housing Enterprise Oversight Data on rates of home prices decline, and the Bureau of Labor Statistics data on rates of unemployment. These two measures described above were taken into consideration to identify the areas where the NSP funds should be targeted. The selected NSP target block groups (based on U.S. Census block groups) in Oregon covers approximately one-third of the block groups and population in Oregon (35% and 34% respectively). This was accomplished by including in the targeted block groups those where the foreclosure abandonment risk score is five (5) or greater (which accounts for 27.4% of the block groups in Oregon) as well as those with an 18 month foreclosure rate estimate of 3.0% and higher (which accounts 24.7% of the block groups in Oregon). Twenty-nine of the thirty-six counties in Oregon have NSP target areas within them using this method for target area identification. Within each county the targeted block groups are those which according to the loan, home price, unemployment, and vacancy data indicate both high rates of foreclosure and potential for abandonment in Oregon. Amendment # 1 to this Action Plan: Oregon Housing and Community Services (OHCS) published the following amendment to this Action Plan on April 7, 2010. OHCS did not receive any comments and the amendment went into effect on or about April 23rd, 2010. The text of the amendment is listed immediately below. 1. Proposed expansion to the NSP 1 targeted areas The areas initially targeted in the Neighborhood Stabilization Program 1 for funding assistance were determined using the NSP1 HUD calculated foreclosure abandonment risk score and the 18th month foreclosure rate. The original NSP1 "target block groups" in Oregon covered approximately one-third of the population in Oregon (35% and 34% respectively). This was accomplished by including target block groups where the foreclosure abandonment risk score is 5 or greater and those with an 18 month foreclosure rate estimate of 3.0% and higher. Twenty-nine of the thirty-six Oregon counties had NSP target areas within t

Areas of Greatest Need:

hem using this selection method. In order to update and expand the NSP1 Target Blog Groups, OHCS used data provided by HUD in conjunction with the NSP2 program at the Census Tract level. By including those tracts with a Foreclosure or a Vacancy and Foreclosure Risk Score greater than 11, thirty percent of the Census Tracts in the state are indicated as having high foreclosure and abandonment activity. The initial 1,660 block groups targeted by the program are within 241 Census Tracts.&am

Distribution and and Uses of Funds:

Oregon Housing and Community Services will allocate at a minimum, \$4,900,000 (25%) of NSP funds to benefit individuals or families at or below 50% of Area Median Income (AMI). These funds will be set aside for the purchase and redevelopment of properties that have been foreclosed or abandoned that will provide housing to individuals and families whose incomes do not exceed 50% of area median income. OHCS will pass along the 25% set-aside requirement to each of the CDBG entitlement subrecipients receiving an allocation of NSP funds from OHCS as well as all other subrecipients that may receive

an allocation of NSP resources. OHCS anticipates a variety of NSP eligible housing activities may be undertaken to meet this goal. Units assisted under this set-aside must provide permanent housing and cannot be shelter or transitional housing units, or group homes, as these activities are considered public facility activities under the CDBG program and part of the NSP requirements. Eligible Housing Activities: • Use of NSP funds as low or no interest loans, or shared appreciation loans that will assist home buyers with the purchase and rehabilitation of foreclosed homes or residential properties. Loans may be used for: o up to 50% of a bank required down payment; o loan buy-down; o closing costs; and o rehabilitation of the home to assure safety, quality, and habitability. • Acquisition and rehabilitation of foreclosed or abandoned residential properties that may be used for rental housing. Models likely to be undertaken include rental housing units for special needs populations such as homeless, chronically mentally ill, developmentally disabled, and released offenders. Permanent supportive housing is eligible as well as units for low income families. Shared housing models can be considered if each tenant has an individual lease. • Acquisition and rehabilitation of foreclosed or abandoned residential properties that will subsequently be sold to very low- income home buyers. This can include a community land trust model or self-help housing projects, etc. • Landbanking, demolition of blighted structures and redevelopment of demolished sites into affordable rental units or homeownership opportunities may also be accomplished as long as the properties have been abandoned or foreclosed. The project must meet an eligible CDBG housing activity and provide housing for very low income individuals and families under 50% of area median income. NSP-1 Amendment # 2: Oregon Housing and Community Services (OHCS) published the second amendment to the NSP-1 Action Plan on April 28, 2010. No public comments were received. The amendment took effect on or about April 13, 2010. OHCS is proposing to amend the Allocation Strategy in The NSP Substantial Amendment to assure that all Neighborhood Stabilization Program (NSP) 1 Funds are obligated before the September 15, 2010 deadline. The U.S. Department of Housing & Urban Development will recapture any funds not obligated by that deadline. The NSP Substantial Amendment explicitly stated that the progress of all recipients would be reviewed nine months after the grant contract is executed and that any recipient not on target to obligate all resources will risk having their NSP funds recaptured and redistributed to other subrecipients by OHCS. As of April 19, 2010, only 36% of the total funds awarded to CDBG Entitlement Communities and 37% of the total

Distribution and Uses of Funds:

Funds retained for State Set Aside have been obligated. While some subrecipients have obligated all of their funds, there are other subrecipients that have not obligated any funds. To assure that the funds are not recaptured, OHCS is proposing to redistribute unobligated funds for ready-to-proceed projects that meet NSP requirements and definitions, as follows: , OHCS will review the performance and obligation levels of all subrecipients. Subrecipients and

Public Comment:

HUD Requirement: Provide a summary of public comments received to the proposed NSP Substantial Amendment.

Note: proposed NSP Substantial Amendment must be published via the usual methods and posted on the jurisdiction's website for no less than 15 calendar days for public comment.

OHCS Response:

Process: OHCS worked closely with the Portland HUD office to assure the citizen participation process was both appropriate and efficient. Two publications were used for the official notice; the state-wide Oregonian, and to reach Spanish speaking citizens, El Latino de Hoy newspaper. In addition, OHCS undertook a massive direct notification campaign to all city and county local governments, port and economic development authorities, public housing authorities and their state association, Community Development Corporations and CHDOs and their state association, tribes, ESG connected homeless service providers and shelters, DHS/HOPWA contacts and service providers, HOME tenant based rental assistance providers, and various other groups and individuals. Each of the nine entitlement participating jurisdictions acting as subrecipients has notified their individual internal mailing/contact lists of the comment period as well. Further, OHCS will send a press release to over 100 media outlets in the state, as well as posting to its own website. The comment period was from November 11th through and including November 26th.

A chart summarizing comments received during the 15 day comment period will be provided at submission of the application to HUD.

Definitions and Descriptions:

HUD Requirement: (1) Definition of "blighted structure" in context of state or local law. OHCS Response: Unless otherwise defined by local law, the definition of blighted structure shall conform with Oregon Revised Statute 457.010 Definitions. As used in this chapter, unless the context requires otherwise: (1) "Blighted areas" means areas that, by reason of deterioration, faulty planning, inadequate or improper facilities, deleterious land use or the existence of unsafe structures, or any combination of these factors, are detrimental to the safety, health or welfare of the community. A blighted area is characterized by the existence of one or more of the following conditions: (a) The existence of buildings and structures, used or intended to be used for living, commercial, industrial or other purposes, or any combination of those uses, that are unfit or unsafe to occupy for those purposes because of any one or a combination of the following conditions: (A) Defective design and quality of physical construction; (B) Faulty interior arrangement and exterior spacing; (C) Overcrowding and a high density of population; (D) Inadequate provision for ventilation, light, sanitation, open spaces and recreation facilities; or (E) Obsolescence, deterioration, dilapidation, mixed character or shifting of uses. HUD Requirement: (2) Definition of "affordable rents." Note: Grantees may use the definition they have adopted for their CDBG program but should review their existing definition to ensure compliance with NSP program –specific requirements such as continued affordability. OHCS Response: Unless otherwise defined below, NSP-assisted rental units will carry rent and income restriction requirements. Rental units must be occupied only by households that are eligible as low-, moderate-, or middle-income families. Households must have incomes that are less than or equal to 120% of area median income, adjusted for family size. NSP assisted rental units must meet the following requirements to qualify as affordable housing: 1. For the NSP required 25% set aside to house individuals or families whose incomes do not exceed 50% of area median income, rents must be equal to or less than the Low Income Housing Tax Credit program rent level for 50% of area median income units. If the unit receives Federal or State project-based rental subsidy and the very low-income family pays as a contribution toward rent not more than 30 percent of the family's adjusted income, then the maximum rent (i.e., tenant contribution plus project-based rental subsidy) is the rent allowable under the Federal or State project-based rental subsidy program. 2. The applicable fair market rents for the area, less all utility costs paid by the tenants; or 3. Thirty percent (30%) of the adjusted income of a family whose annual income equals eighty percent (80%) of the median income for the

Definitions and Descriptions:

p; area, as determined by HUD, with adjustments for number of bedrooms in the unit or family size. On a case-by-case basis, OHCS may grant rent exceptions as necessary to assure long term viability of rental housing projects as long as the rents meet NSP requirements. HUD Requirement: (3) Describe how the grantee will ensure continued affordability for NSP assisted housing. OHCS Response: For each foreclosed-upon home or resident

Low Income Targeting:

HUD Requirement: Identify the estimated amount of funds appropriated or otherwise made available under the NSP to be used to purchase and redevelop abandoned or foreclosed upon homes or residential properties for housing individuals or families whose incomes do not exceed 50 percent of area median income: a minimum of \$4,900,000.

Note: At least 25% of funds must be used for housing individuals and families whose incomes do not exceed 50 percent of area median income.

OHCS Response:

The state will receive an NSP allocation of \$19,600,000. Of this amount a minimum of 25%, or \$4,900,000, will be set aside for the purchase and redevelopment of properties that have been foreclosed or abandoned that will provide housing to individuals and families whose incomes do not exceed 50% of area median income. OHCS will pass along the 25% set-aside requirement to each of the CDBG entitlement subrecipients receiving an allocation of NSP funds from OHCS as well as all other subrecipients that may receive an allocation of NSP resources.

OHCS anticipates a variety of NSP eligible housing activities may be undertaken to meet this goal. Units assisted under this set-aside must provide permanent housing and cannot be shelter or transitional housing units, or group homes, as these activities are considered public facility activities under the CDBG program and part of the NSP requirements.

Eligible Housing Activities:

- Use of NSP funds as low or no interest loans, or shared appreciation (Shared Appreciation deleted per HUD rules) loans that will assist home buyers with the purchase and rehabilitation of foreclosed homes or residential properties. Loans may be used for:
 - o up to 50% of a bank required down payment;
 - o loan buy-down;
 - o closing costs; and
 - o rehabilitation of the home to assure safety, quality, and habitability.
- Acquisition and rehabilitation of foreclosed or abandoned residential properties that may be used for rental housing. Models likely to be undertaken include rental housing units for special needs populations such as homeless, chronically mentally ill, developmentally disabled, and released offenders. Permanent supportive housing is eligible as well as units for low income families. Shared housing models can be considered if each tenant has an individual lease.
- Acquisition and rehabilitation of foreclosed or abandoned residential properties that will subsequently be sold to very low- income home buyers. This can include a community land trust model or self-help housing projects, etc.
- Landbanking, demolition of blighted structures and redevelopment of demolished sites into affordable rental units or homeownership opportunities may also be accomplished as long as the properties have been abandoned or foreclosed. The project must meet an eligible CDBG housing activity and provide housing for very low income individuals and families under 50% of area

Low Income Targeting:

median income.

Acquisition and Relocation:

HUD Requirement: Indicate whether grantee intends to demolish or convert any low- and moderate-income dwelling units (i.e., 120% of area median income).

If so, include:

- The number of low- and moderate-income dwelling units—i.e., 120% of area median income—reasonably expected to be demolished or converted as a direct result of NSP-assisted activities.
- The number of NSP affordable housing units made available to low-, moderate-, and middle-income households—i.e., 120% of area median income—reasonably expected to be produced by activity and income level as provided for in DRGR, by each NSP activity providing such housing (including a proposed time schedule for commencement and completion).
- The number of dwelling units reasonably expected to be made available for households whose income does not exceed 50 percent of area median income.

OHCS Response: No specific properties that would receive NSP resources have been identified at this time. It is therefore unknown whether demolition or conversion of low and moderate income dwelling units will occur. If NSP eligible activities result in demolition or conversion of low and moderate-income units, then the required information on the number of converted or demolished units and number of affordable units produced by activity and income level will be made available.

Most Impacted and Distressed Threshold (Projected)	\$0.00	\$0.00
Progress towards LH25 Requirement	\$6,098,469.64	\$7,398,982.37

Overall Progress Narrative:

Program funds were returned to OHCS by the City of Salem for two LH activities completed in the beginning of NSP-1. The funds were returned to HUD as currently OHCS does not have a Sub-Grantee ready to start a new activity. OHCS is currently assisting the City of Gresham and the non-profit Proud Ground with information to hopefully get a new project started to use the remaining funds available. In addition to the recently returned program funds, OHCS currently has an additional \$400,000 available in program income funds in the State Pool.

OHCS is hoping to get these additional funds out during 2020 in an effort to get the NSP-1 program closed.

Activity Description:

Purchase single family homes for the purpose of low income supportive housing.

Location Description:

In the city of Salem

Activity Progress Narrative:

The City of Salem recently returned their program funds to OHCS for two properties that recently sold by the original non-profit developer. The funds have been returned to HUD and the vouchers have been adjusted to reduce the total amount in the projects completed in the LH activities. The voucher revision will show up on the next QPR as the funds were returned at the end of the 4th Quarter 2019.

Activity Description:

In May 2013, the status of this Land Bank was transitioned to "Completed" and a new Activity (5-RDV-CherryCreek-LMMI) was created. Construction is to begin in June 2013 for a 50 unit rental low-to-moderate multifamily complex; with completion and occupancy in June 2014.

Initial Activity: Housing Authority of Jackson County (HAJC) will acquire a 3.5 acre subdivision to construct 50 units of new affordable rental housing. HAJC will attempt to make at least 30 of the units or 50% of NSP funds for low income households however, this is only a target may not be feasible. All units will be affordable at 60% area median income.

Location Description:

City of Medford in Jackson County Oregon.
