Narratives

Areas of Greatest Need:

This Amendment is a supplement to the FY 2008/2009 Annual Action Plan submitted to the U.S. Department of Housing and Urban Development (HUD) on May 1, 2008 and is necessary to accommodate new HUD funding under the Neighborhood Stabilization Program (NSP) and all of the elements of the original Action Plan are hereby incorporated into the supplemental document. Title III of Division B of the Housing and Economic Recovery Act, 2008 (HERA) (Public Law 110-289, approved July 30, 2008) appropriates \$3.92 billion for emergency assistance for the redevelopment of abandoned and foreclosed homes and residential properties, and provides under a rule on construction that, unless HERA states otherwise, the grants are to be considered Community Development Block Grant (CDBG) funds.

Distribution and and Uses of Funds:

In accordance with the allocation formula provided by HUD, the City of Anaheim (City) is appropriated \$2,653,455 in NSP funds that is treated as a special allocation of Fiscal Year (FY) 2008/2009 CDBG funding. In order to facilitate the prompt acquisition and disposition of foreclosed residential properties, the City shall enter into a Cooperation Agreement to allow the Anaheim Redevelopment Agency to use NSP funds. The City shall carry out its NSP activities in the context of a comprehensive plan for the community's vision of how it can make its neighborhoods not only more stable, but also more sustainable, competitive, and integrated into the overall metropolitan fabric including access to transit, affordable housing, employers and services.

Definitions and Descriptions:

Affordable Housing Cost and Affordable Rent
"Affordable Housing Cost" for a very-low income household shall not exceed the product of 30% times 50% of AMI; moderate-income household shall not exceed the product of 30% times 70% of AMI; middle-income household shall not exceed the product of 35% of 110% AMI. "Affordable Rents" for a very-low income household shall not exceed the product of 30% times 50% of AMI; moderate-income household shall not exceed the product of 30% times 60% of AMI; middle-income household shall not exceed the product of 30% of 110% AMI. Affordable housing costs and affordable rents shall be determined in the same manner as pursuant to California Health and Safety Code requirements and be adjusted for household size as appropriate for the home/unit.
Continued Affordability
The City shall ensure, to the maximum extent practicable and for the longest feasible term, that NSP assisted housing units remain affordable to households with incomes below 120 percent AMI or, for housing units assisted with funds under the requirements of Section 2301(f)(3)(A)(ii), remain affordable to households with incomes below 50 percent AMI. The resale price, as determined by the City, must be affordable to a new purchaser and shall not exceed the affordable housing cost for a low-income household. The affordable housing cost is the product of 30 percent times 70 percent AMI, adjusted for family size appropriate for the unit. Resale of the property during the affordability period by the NSP participant to a new purchaser that is not a low-income household, does not intend to occupy the property as a primary residence, or the resale price is not an affordable price, the City shall recapture the entire amount of the NSP loan, including principal, accrued interest and other applicable loan charges. During the affordability period, should participant transfer the property title, not occupy the property as a primary residence or not comply with any portion of the loan agreement, the City shall recapture the entire amount of the NSP loan, including principal, accrued interest and other applicable loan charges. Continued affordability will be ensured for the entire period of affordability through monitoring, following the specific HOME monitoring requirements as defined in 24 CFR Part 92.
Housing Rehabilitation Standards
The City will ensure that all rehabilitation of residential properties utilizing NSP funds comply with applicable laws, codes and other requirements relating to housing safety, quality, and habitability, in order to sell, rent, or redevelop such homes and

properties.
Blighted Structure
The City defines a “Blighted Structures” in accordance with Section 33031(a) of the California Health and Safety Code: 33031(a) This subdivision describes physical conditions that cause blight: (1) Buildings in which it is unsafe or unhealthy for persons to live or work. These conditions may be caused by serious building code violations, serious dilapidation and deterioration caused by long-term neglect, construction that is vulnerable to serious damage from seismic or geologic hazards, and faulty or inadequate water or sewer utilities. (2) Conditions that prevent or substantially hinder th

Definitions and Descriptions:

e viable use or capacity of buildings or lots. These conditions may be caused by buildings of substandard, defective, or obsolete design or construction given the present general plan, zoning, or other development standards. (3) Adjacent or nearby incompatible land uses that prevent the development of those parcels or other portions of the project area. (4) The existence of subdivided lots that are in multiple ownership and whose physical development has been impaired by their irregular shapes and inadequate sizes, given present general plan and zoning standards and present market conditions.

Low Income Targeting:

At least 25 percent or \$663,359 of the City's NSP funding must benefit very-low income households. The City intends to provide homebuyer down payment assistance and/or acquisition, rehabilitation or rental of foreclosed or abandoned residential properties to households that meet the NSP income requirements.

Acquisition and Relocation:

The NSP activities that the City of Anaheim will undertake involve homebuyer down payment assistance, acquisition, rehabilitation, and/or rental of foreclosed or abandoned residential properties. The City will conduct an inspection of the property and require the correction of all city code violations and Housing Quality Standards (HQS) prior to sale or occupancy of the property. The rehabilitated home/unit will then be made available to first-time homebuyers or renters on a first-come, first serve basis, with preference given to households currently residing or employed in Anaheim.

The City will commence the acquisition and rehabilitation activity upon the release and authorization of NSP funds. All initial NSP funds for this activity will be committed within the statutory 18-month period, as set forth in Section 2301(c) (1) of HERA. The number of NSP affordable housing units that the City will make available to income eligible households will be subject to market conditions at the time of acquisition and rehabilitation. The City estimates that up to four NSP eligible housing units will be made available to very-low income households and 17 units to moderate- and middle-income households. The City does not anticipate undertaking any conversion or demolition activities of blighted structures.

Public Comment:

To date the City of Anaheim has not received any public comment on its proposed or implemented use of NSP funds. The amendment is posted to the City's website pursuant to NSP requirements.
