### Overall Progress Narrative:

#### 2nd Quarter Progress

As of September 30, 2009, the City of Corona has acquired a total of three (3) properties under the NSP program and seven (7) properties are currently in escrow. Mary Erickson Community Housing (MECH), the community housing development organization that the City has contracted with to implement the Acquisition, Rehab, and Resale project has had a great amount of success. They have placed numerous offers on properties and have been able to have 10 of these offers accepted.

**Activity Description:**

This activity is for acquisition/rehabilitation/rental, specifically for households earning less than 50 percent AMI. The City will issue a Notice of Funding Availability for the acquisition and rehabilitation of multi-family and/or single family units for rental to households at or below 50 percent AMI and/or permanent supportive housing, and/or group homes for special needs populations to expand affordable housing opportunities in this area. For long-term affordability, the City will record a Deed of Trust with re-sale restrictions as well as a Regulatory Agreement which will include re-sale/re-capture provisions that are comparable to those found in the HOME Investment Partnerships grant program. Further, the City will perform annual monitoring (desk and on-site) to ensure the terms of the long-term affordability covenants are being met. Activity delivery costs are estimated to be 5% of the amount to be paid directly to the property owners. For this activity is estimated to be \$45,036.

**Location Description:**

Area area bounded by the 91 Freeway in the north, Ontario Avenue in the south, Paseo Grande in the west, and Magnolia Avenue in the east as the area of greatest need and where NSP funds and activities will be given priority. The specific census tract block groups are:

**Activity Progress Narrative:**

On August 20, 2009, the Redevelopment Agency of the City of Corona released a Request for Proposal (RFP) from a qualified non-profit or for-profit organization for an Acquisition/Rehabilitation/Rental Project for Corona residents whose incomes do not exceed 50% of the area median income. The RFP closes on October 8, 2009. The selection of the organization for this project will be made during the 3rd quarter of this grant.

**Activity Description:**

This activity is for acquisition/rehabilitation/resale to first time homebuyers. The tenure of beneficiaries is home ownership; the duration of the assistance will be dependent on the household's debt capacity. Should there be an affordability gap, some portion of the City's original investment of acquisition and rehabilitation funds will remain in the property as a "silent second" (no monthly payments due, and a proportionate equity-share mechanism in lieu of interest) to be repaid upon change in title or status as owner-occupied housing. The property will have an affordability covenant recorded against it, for a period of 15 years. As with other assisted single family units through Corona's rehabilitation programs and down-payment assistance programs, continued affordability is ensured through an annual monitoring process. Initial acquisition by the activity sponsor (City's certified CHDO and/or other non-profit/for-profit developers) will average at least 15 percent below a current appraised value. No interest will be charged, instead a proportionate equity-share mechanism will be used. The sales price will be no greater than the total investment by the City (including acquisition, rehabilitation and associated program delivery costs). For example, if a completed unit is sold for \$200,000, and \$25,000 remains as a "silent second", this amount represents 12.5 percent of the original purchase price. When the unit is sold in future years, the \$25,000 principal and 12.5 percent of any equity (increase in value less capital improvements and costs of sale) would be recaptured. For example if the unit is sold in the future for \$400,000, and capital improvements to the unit and costs of sale total \$50,000, then the amount due to the City would be \$43,750 (original principal of \$25,000, plus 12.5 percent of the equity which is calculated at \$400,000 less household's acquisition price of \$200,000, less \$50,000 in capital improvements and costs of sale: \$400,000 - \$200,000 = \$200,000; \$200,000 - \$50,000 = \$150,000; \$150,000 x 12.5% = \$18,750; \$18,750 + \$25,000 = \$43,750). Activity delivery costs for this activity are estimated to 5% of the amount paid to the property owners. For this activity it is \$107,092.

**Activity Description:**

This activity is for acquisition/demolition/redevelopment of foreclosed, abandoned single family properties that would require more funds to rehabilitate than to demolish and rebuild. After consultation with the City's Building Official, a determination would be made to demolish the structure instead of attempting to rehabilitate it. The property would then be made available to non-profit housing providers to plan the redevelopment of the property as soon as feasible. Redevelopment may include sale of the property as per the NSP requirements, or partnership with the non-profit agency. Other possible uses under this activity type might include vacant, foreclosed properties that allow for the expansion or improvement of a public facility. Activity delivery costs are anticipated to 5% or less of the proposed amount to be paid directly to property owners. For this activity it would be \$10,000.
