Plan Description:

Dakota County is situated in the southeast corner of the Twin Cities Metropolitan area, it is the third most populous county in the state of Minnesota, at approximately 400,000 persons. Dakota County maintains a land use mixture of 1/3 urban, 1/3 suburban, and 1/3 rural. The median home price in Dakota County has increased 21.7% over a five year period from \$192,000 (2002) to \$233,650 (2006). Dakota County has the second highest number of foreclosures among Minnesota counties. Foreclosure sales have alarmingly increased in the past five years, highlighting the increase in need for mortgage delinquency counseling. There were 222 foreclosure sales in 2002, and the number dramatically increased to 1,610 sales in 2007; a 725% increase in five years. Dakota County is projecting 2,200 foreclosure sales in 2008. Dakota County also has a high number of subprime mortgages. In addition, the FBI has identified the Twin Cities as one of the 10 worst areas of the United States for mortgage fraud and has a number of current investigations underway. In 2007 and 2008, the U.S. Attorneys office charged 23 defendants who have either pleaded guilty or have been sentenced for mortgage fraud and related crimes. Ten percent of homes currently listed for sale in Dakota County are bank owned. While foreclosures have occurred throughout all parts of the county, there are areas with greater concentrations of foreclosed, bankowned homes. Dakota County has delineated areas of greatest need of stabilization activities, also referred to as target areas, on the map in Exhibit A. This data is set across census tract block groups and zip code areas. In determining the areas of greatest need, Dakota County CDA used data provided by HUD. The CDA mapped the census tract blocks where the foreclosure and abandonment risk score was 6 or greater. The CDA also mapped the census tract block groups where the underlying 18-month predicted foreclosure problem rate was higher than 4%. Since the predicted 18-month values were given by HUD as a percentage, the percentages were divided into ranges (1-10) based on Natural Breaks (Jenks Optimization) method. This gave a single score for each percentage range for the risk score and the problem rate, allowing both data sets to match. The two fields were then added together to get the combined risk score, the 1-10 value from each field, for a total possible score of 20. The areas of highest priority include portions of South St. Paul, Eagan, Burnsville, and Hastings. Areas of medium high priority are portions of Farmington, Lakeville, Apple Valley, and West St. Paul. Portions of Inver Grove Heights, Rosemount, Northfield and small cities in the County have been identified as areas of medium priority. All census tracts which did not meet the criteria set by the Dakota County CDA will not be eligible for Neighborhood Stabilization Funding. All funds have been budgeted for eligible uses and activities as identified in the Activity Type section. Activities will occur from January 1, 2009 to June 30, 2011. The Dakota County CDA will be sole responsible organization in carrying out all activities within the NSP program.

Recovery Needs:

The funds will be used in five primary activities, plus administration:

1. Homeownership assistance for low-, moderate-, and middle-income (120% of area median income, or AMI) households purchasing foreclosed upon homes totalling \$525,000. Twenty-seven home purchases will be assisted for homebuyers at or below 120% AMI.
2. Acquisition of foreclosed and/or abandoned homes and residential properties resulting in the rental or resale to low-income (50% of AMI) households totalling \$462,000. Five homes will be purchased for households at or below

50% AMI.

3. Rehabilitation of acquired foreclosed and/or abandoned homes and residential properties resulting in the rental or resale to low-income (50% of AMI) households totalling \$230,000. Five homes will be rehabbed for occupancy by households at or below 50% AMI.

4. Acquisition of foreclosed and/or abandoned homes and residential properties for the purpose of establishing a land bank totalling \$1,051,250. Ten foreclosed properties will be acquired and land-banked.

5. Demolition of blighted structures totalling \$226,750. Twelve blighted homes will be cleared.

6. Administration of the program will not exceed 10% of the NSP grant and 10% of any program income.

Activity Description:

Purchase vacant, foreclosed homes and/or small apartment building to use as rental or owner occupied property. If an acquired property is used as rental, the Dakota County CDA will act as owner and property manager. Tenants of rental units must income qualify at or below 50% AMI based on family size. If an acquired property is used as owner occupied housing, a non-profit may act as the initial owner/developer. Buyers of these properties must also income qualify at or below 50% of AMI based on family size and must occupy the home as their principal residence. Project soft costs are included in the budget.

Location Description:

NSP identified target areas.

Activity Progress Narrative:

CDA requested proposals for appraisers and chose two appraisers to complete URA compliant appraisals for acquisition of NSP funded properties. CDA established policies and procedures for selecting bank-owned, foreclosed properties to acquire. Staff and city building officials began looking at properties in highest need areas.
