## Disasters:

### Declaration Number

NSP

## Plan Description:

NSP funds authorized by the Housing and Economic Recovery Act of 2008 (HERA) for emergency assistance for redevelopment of abandoned and foreclosed homes and residential properties. A purchase/rehab/resale activity for foreclosed, and vacant or properties. A: Areas of Greatest Need Designated 9 and 10 rated Block Groups within the City of Garland are:

181.051,181.052,181.053,181.054,181.055,181.262,181.263,181.271,181.272,181.273,181.281,181.282,181.283,182.031,182.032,182.033,182.041,182.042,182.043,182.061,182.062,182.063,182.064,183.001,183.002,183.003,183.004,183.005,183.006,185.011,185.012,185.013,187.001,187.002,187.003,187.004,187.005,187.006,187.007,188.011,188.012,188.013,188.14,190.321,190.322,190.323,190.324,190.331,190.332,190.333,190.334 B: Distribution and Uses of Funds: The City of Garland has chosen to target NSP funds to all block groups that rated a 10 or 9 as a risk factor and also meet the income qualifier of; 51% or more of the residents are determined to be low-, moderate-, and middle-income (earning less than 120% of the area median family income) (see map defining area), with primary emphasis in areas rated as a 10 risk factor. Within the targeted 51 block groups, federal funds will be used to provide immediate impact activities and longer term, yet effective programs to diminish the effects of the upward spiraling foreclosure and abandonment issues faced by residents of these areas. Immediate relief from blighted, vacant or abandoned properties will be addressed by providing Neighborhood Stabilization Program funds for land banking. The land bank may acquire and demolish blighted structures, holding the land for affordable housing development within a 10 year time frame. While increasing the visual appeal of the areas, NSP funds will then provide a means of preserving the neighborhoods. Funds will be used to purchase, rehabilitate and resell foreclosed, vacant properties to eligible homebuyers. Favorable financing terms will be provided as well as downpayment assistance. The improved conditions along with incentives will be used to attract new residents to fragile areas. As required by regulation, 25% of the NSP grant will be provided to households whose incomes do not exceed 50% of the area median income as defined by HUD. The primary means of meeting this requirement will be associated with homeownership. A financing mechanism for this group of homebuyers is structured to make homes affordable. If rental housing is developed, 25% of the assisted units will be reserved for tenants earning less than 50% of the area median income.

## Recovery Needs:

### C: Definitions and Descriptions:

Blighted property shall include commercial or residential structures, which have been declared uninhabitable and hazardous by the City and exhibit objectively determinable signs of deterioration that constitute a threat to human health, safety and public welfare.

Section 32.03 of the City of Garland Code of Ordinances defines substandard [blighted] premises as premises where one or more, in any combination, of the following conditions exist [objectively determinable signs of deterioration]:

a) Inadequate sanitation:

- a. Lack of a bathroom or the existence of an improper bathroom.
- b. Lack of or an improper kitchen.
- c. Lack of hot and cold running water to plumbing fixtures.
- d. Lack of or improper required heating, mechanical ventilation or electric facilities.
- e. Lack of required amounts of natural light and ventilation.
- f. Lack of or improper space or floor area.
- g. Lack of required electrical lighting.
- h. Dampness of habitable space.
- i. Infestation of insects, vermin or rodents.
- j. The existence of dead trees, tree limbs, holes, excavations or other conditions reasonably capable of causing injury to a person.
- k. Lack of or improper connection to required sewage disposal.
- l. Lack of or improper garbage and rubbish storage and removal facilities.
- m. Lack of or improper drainage so as to prevent standing or stagnant water on the premises.

b) Structural hazards

- a. Improper foundations.
- b. Improper flooring or floor supports.
- c. Flooring or floor supports of insufficient size to carry imposed loads safely.
- d. Members of walls, partitions or other vertical supports that split, lean, list, or buckle due to defective material, deterioration, or improper construction.
- e. Members of walls, partitions or other vertical supports that are insufficient size to carry imposed loads safely.
- f. Members of ceilings, roofs, ceiling and roof supports or other horizontal members which sag, split, or buckle due to defective material, deterioration, or improper construction.
- g. Member of ceilings, roofs, ceiling and roof supports or other horizontal members that are of insufficient size to carry imposed loads with safety.
- h. Fireplaces or chimneys which list, bulge, or settle due to defective material, deterioration, or improper construction.
- i. Fireplaces or chimneys which are of insufficient size or strength to carry imposed loads safely.
- j. Lack of or improper required railings, stairs, steps and balconies

D: Low Income Targeting:

The City has proposed a Second Chance Program that specifically targets individuals with incomes that do not exceed 50% of the area median income. This program allows for the purchase of abandoned or foreclosed upon properties at a discount, rehabilitation to bring the properties into compliance with local building codes, and subsequent sale will favorable financing terms to eligible individuals or families.

In addition, if rental units result as a product of the land banking process, 25% of the units assisted will be set aside for residents earning less than 50% of the area median income, at a rent that is affordable. This requirement will be part of the Agreement to provide funding for land banking activities.

E: Acquisition and Relocation:

Not Applicable. The City is not proposing to demolish or convert any low/moderate dwelling units. Demolition is limited to vacant, abandoned structures.

F: Public Comments:

In an effort to solicit public input on the suggested use of Neighborhood Stabilization funds, a presentation was made at the City Council work session which was televised on November 3, 2008. A public hearing was held at the regular City Council Meeting on November 3, 2008 and No public comments were offered during the hearing.

A draft of the proposed use of funds was posted on the City's website on November 4, 2008. The draft Substantial Amendment was added to the NSP web page on November 14, 2008. The City received 3 public comments via email pertaining to the Neighborhood Stabilization Program. Of the comments received, two comments favored the activities suggested for the NSP program and one comment was just a general comment on the use of Grant Funds (see Attachment C). None of the comments warranted a response or further action.

As a result of HUD's review, it was determined that The City did not comply with the process defined in its Citizen Participation Plan to process substantial amendments to its Annual Action Plan. This was corrected by undertaking the activities that are required in the Citizen Participation Plan to amend its Annual Action Plan. As required, a public notice was placed in the Dallas Morning News describing the source of the funds, the proposed use of the funds, the time period available for public comment, directions designating the person to whom to submit comments and the means to do so. The notice appeared in the January 7 edition of the newspaper. A notice explaining the same information was mailed to local Neighborhood Associations and Homeowner. (See Attachment D) To date no

additional comments have been received. The 30 day comment period ends on February 6, 2009.

Overall	This Report Period	To Date

Limit on State Admin	\$0.00	\$0.00

## Progress Toward Activity Type Targets

## Progress Toward National Objective Targets

### Overall Progress Narrative:

The Garland Property Stabilization Program (GPS) has acquired 3 Single Family homes. Cummulatively, these homes were purchased at a discount of 15.9% from the appraised value. Construction will take place in October of 2009 to repair all health and safety items and bring the homes into compliance with local building codes.

There were 4 other properties that were pursued through the GPS program but were not acquired because of price negotiations not being agreed upon or the cost to repair was not reasonable.

The Landbank Program has acquired 1 foreclosed, blighted and vacant 22 unit apartment complex. The project has a partial structure that was damaged by fire that will be demolished in order to make way for a new development. Demolition will take place in October of 2009.
