NSP

#### **Narratives**

#### **Areas of Greatest Need:**

The City of Hemet is located in the heart of Riverside County. Both Riverside County and San Bernardino County make up the Inland Empire MSA. Riverside County has 24 incorporated cities (from the 2000 Census at least three cities have incorporated recently); San Bernardino County has 24 incorporated cities (also from the 2000 Census). Since the foreclosure crisis became newsworthy in summer of 2007, this MSA at one point was the fourth most impacted foreclosure area in the country. City staff has been tracking foreclosures for all jurisdictions in the Inland Empire since July 2007. There were a total of 49,973 properties taken all the way through the foreclosure process in the MSA from July 1, 2007 through September 30, 2008 (29,607 in Riverside County and 20,366 in San Bernardino County). In relation to all housing units (as estimated by the California Department of Finance, 2008), this represents 3.42% for the MSA (3.83% in Riverside County and 2.97% in San Bernardino County). This also corresponds to 1 in 29 homes becoming bankowned during this period. The range of impacts on a city by city basis is from a low of 0.36% of all housing units in the City of Indian Wells to a high of 13.05% of all housing units in the City of Perris.

#### **Distribution and and Uses of Funds:**

The City of Hemet began its needs assessment in response to the housing crisis (high number of foreclosed, vacant properties beginning to have adverse effects on neighborhoods) by identifying the census tract block groups in the City with income levels at or below 120 percent of the Area Median Income (AMI). For purposes of this Amendment, the low, moderate, and middle income areas will be noted as LMMI. This data was provided by the U.S. Department of Housing and Urban Development (HUD) and this data can be found on the HUD web site at the following web address: http://www.huduser.org/publications/commdevl/nsp\_target.html . There are a total of 29 census tract block groups (CTBG) in the City and 20 or 69 percent are qualified LMMI areas. The HUD data, in addition to a breakdown of income levels by census tract block groups, also provides the following information: Estimated foreclosure/abandonment risk score (1 to 10 with 10 being the highest risk) Hemets data ranged from 8 to 9; Rate of high cost loans (2004 to 2006) Hemets data ranged from 23.7 percent to 45.6 percent; Predicted 18 month underlying problem foreclosure rate Hemets data ranged from 8.7 percent to 12.2 percent; Rate of housing price decline since the peak in the housing market (June 2008) Hemets rate is 22.9 percent; Unemployment rate (June 2008) Hemets rate is 10.5 percent; and Residential vacancy rate (June 2008) Hemets rate ranged from 0.7 percent to 4.2 percent. NSP funds will be used for the following activities plus administration: 1) Acquisition/rehabilitation/resale of singlefamily homes, homebuyer assistance loans and Acquisition/rehabilitation of rental multifamily units as a long term affordable rental projects, 2) Acquistion/demolition/landbanking/redevelopment of units, and 3) Administration of the program which will not exceed 10 percent of the NSP grant and 10 percent of program income, if any.

Progress towards LH25 Requirement	\$1,513,995.19		\$1,454,773.07

### **Overall Progress Narrative:**

The City has one remaining parcel of land that is in the process of dividing into two parcels, donate to Habitat for Humanity and use the remaining NSP funds to help build a home for a low income family.

During this quarter of January 1st through March 31st, the final parcel map has been filed with the County of Riverside. In the upcoming quarter, it is anticipated to meet with City officials and officials from Habitat for Humanity to discuss the property and moving forward to meet the National Objective.
