NSP

**Narratives****Areas of Greatest Need:**

The NSP is intended to stabilize neighborhoods and stem the decline of housing values. The program calls for recipient cities and states to purchase and rehabilitate foreclosed or abandoned homes. Once these properties are rehabilitated, the City will sell them to qualified buyers that earn 120% or less of the average median income (AMI) salary. Because NSP funds must be allocated 18 months from receipt, the City Council will authorize the City Manager to execute all necessary documents and to acquire and dispose of properties related to the NSP

**Distribution and Uses of Funds:**

NSP funds will be used to maximize and complement the City's overall ongoing investment of providing quality affordable housing to as many Long Beach residents as possible. The funds will also have the clear and pronounced effect of revitalizing and stabilizing Long Beach neighborhoods. The City's target areas for NSP program were developed pursuant to the HERA as outlined below:

- Greatest percentage of home foreclosure;
- Highest percentage of homes financed by a subprime mortgage related loan; and
- Areas identified as the most likely to face a significant rise in the rate of home foreclosures

**Definitions and Descriptions:****Low Income Targeting:****Acquisition and Relocation:**

All acquired properties will be vacant or abandoned.

## Overall Progress Narrative:

As of September 2009, the City has acquired 7 single-family residential (SFR) properties. Three of the SFR homes and the multi-unit site are new acquisitions since the last reporting period, which ended on June 30, 2009. Those new acquisitions are located at: 2128 Linden Avenue, 2132 Linden Avenue and 333 East Neece. These acquisitions will be rehabilitated to address health and safety code standards and then resold to first-time homebuyers through the Long Beach Housing Development Company's second mortgage assistance program, which will help increase affordability of the homes. To facilitate the rehabilitation of these homes, the City is compiling work write-ups and working with a local architect to insure compliance with all historic elements of the neighborhoods. The City is working to acquire multi-family sites as part of their NSP program and hopes to have accomplishments to report in this area during the next reporting period. The NSP program in Long Beach is expected to create or retain jobs and should also have an indirect impact on jobs related to mainstream construction by stimulating the economy through purchases of housing construction supplies and by utilizing local vendors.

>Please note: This QPR has been revised as of 04/04/2011 to address technical counting issues within DRGR. The City has been working with staff at the help desk to correct these issues, which has required the resubmission of this QPR.

**Activity Description:**

This activity is specifically for households earning less than 50% AMI. Under this activity the City is proposing an acquisition, rehabilitation, and rental activity. The City will leverage the funds with the City's Housing Trust Fund (HTF) to implement this portion of NSP. Project specific proposals will be submitted for the acquisition/transfer activity. Rents cannot exceed 30% of the tenants' income and must remain at this affordable rate for a minimum of 20 years. Affordability periods may be longer depending on the project.

1044 Maine- (12 units) Referred by Code Enforcement Checked and compared to Code Enforcement Vacant list and ran Realquest along with the MLS listing and sale history to determine a chain of title. Contacted CBRE per the signage on property and established contact and requested access.

Acquisition was completed on October 21, 2009.

While rehabilitation is underway, project specific proposals are being examined for transfer of ownership to non profit housing agency.

**Location Description:**

1044 Maine is a 12 unit substandard building in the historic Willmore Drake Park area of Long Beach. Census Tract # 5758.01 located in zipcode 90813-2873 in the Central Long Beach Redevelopment area.

Property is located within an NSP1 greatest need area and is also within an area in which the predicted foreclosure rate is greater than 9.

**Activity Description:**

This activity is for acquisition/rehabilitation/resale to first time homebuyers. The tenure of the beneficiary is home ownership. Should there be an affordability gap while implementing this activity, the City will use LBHDC's Second Mortgage Assistance in order to establish financing mechanisms that will allow to narrow the affordability gap. The amount of the assistance will depend on the household's debt capacity. The City will also rehabilitate purchased foreclosed properties to meet safety, health, and code standards before disposition. The expenditure for rehabilitation will be funded directly through NSP funds. Resale price cannot exceed the aggregate of the acquisition, rehabilitation, and delivery cost. 2132 Linden- This was found on the FNMA website. Contact was made with Zeeda Daniele of FNMA and she provided me with information as to the realtor handling the property, Heath Vo of NV realty. We established contact and began our process.

**Location Description:**
