NSP

### Narratives

#### Areas of Greatest Need:

NSP funds are being provided to Montgomery County, Ohio, to assist areas of greatest need. Upon review of data provided by HUD, Montgomery County has identified the following areas of greatest need, Harrison Township, Huber Heights, Jefferson Township, Miami Township, Miamisburg, Riverside, Trotwood and West Carrollton.

#### Distribution and Uses of Funds:

Funds will support a variety of projects including the establishment of funding mechanisms, purchase/rehabilitation of single or multi-family units in order to sell or rent, and demolition of blighted structures. Anticipated program income will allow projects to continue moving forward and could also be used toward a low-income tax credit project in one of our target areas. The purchase and rehabilitation of single and/or multi-family units will take place in neighborhoods that are in NSP eligible tracts. With a concentration of efforts in the areas of greatest need, including, Harrison Township, Trotwood, Jefferson Township, Huber Heights, Miamisburg, Miami Township, Riverside and West Carrollton. Montgomery County will partner with such organizations as CountyCorp (our CHDO) and other housing agencies to use NSP funds to acquire and improve residential structures that will be occupied by households whose income is at or below 120% AMI. Funding mechanisms will be created by CountyCorp to make the houses affordable. Demolition of blighted structures will coincide with census tracts where it has been determined that in addition to acquiring and rehabilitating houses and multi-family units it is in the best interest of the new development and existing neighbors for various structures to be demolished. In areas where we wouldn't necessarily do purchase/rehab some demolition will take place to eliminate the blighting influence of structures in neighborhoods where the clearance of such structures would have a positive impact on the remaining properties. Harrison Township, Jefferson Township, and Trotwood are likely candidates for demolition of blighted structures. Montgomery County will use 25% of its allocation to partner with such agencies as the Dayton Metropolitan Housing Authority on tax credit and other projects that will create rental units that will be available and affordable to persons and families whose incomes do not exceed 50% AMI. Partnerships with the County's Homeless Solutions Project and other agencies serving limited clientele will also create affordable rental opportunities in our target areas for persons and families whose incomes do not exceed 50% AMI. All eight neighborhoods previously mentioned could be locations for this affordable housing depending on the availability and acquisition of suitable structures to be used for such a purpose. Because we have 181 qualifying census tracts it is possible that in addition to the eight jurisdictions already mentioned properties could be acquired and redeveloped in other jurisdictions using the same data to expand beyond the Areas of Greatest Need.
