Narratives

Areas of Greatest Need:

Pinellas County communities are experiencing high volumes of foreclosed and abandoned properties. Based on data provided by HUD and additional analysis conducted by the County, several areas are experiencing high risks of abandonment, high concentrations of subprime loans, and high predictions of additional foreclosures. Current foreclosed and abandoned properties, and the risk of additional properties being foreclosed or abandoned, are causing blighting conditions that are leading to declining home values.

Distribution and and Uses of Funds:

Pinellas County will use NSP funds to acquire the properties in areas experiencing the greatest risks of abandonment, the highest concentrations of subprime loans, and at the highest risk of additional foreclosures. These steps will help stop the blighting influence these properties are having in our communities and slow down the decline in home values.

Overall Progress Narrative:

Since program inception, Pinellas County has acquired 23 foreclosed single family houses; thirteen (13) under the Acquisition Rehab Program and ten (10) under the Demolition Program. Twelve (12) of the houses have been sold through the Acquisition Rehab Program. Due to the excessive time on the market, the one (1) remaining rehabilitated house was rented to an eligible tenant during the quarter. Ten (10) houses were acquired and demolished through the Demolition Program. Construction of Four (4) new single family homes has been completed, of which, four (4) houses previously sold. Five (5) lots remain vacant. During the quarter construction financing loans were closed for house construction on four (4) of the vacant single family lots. The four homes have completed construction and all four homes were sold to an income qualified buyer.

Additionally, NSP funds were used to acquire and rehabilitate a 36-unit, multi-family property through the Rental Program. Following acquisition, the apartment complex, known as Boardwalk Apartments, was conveyed to a land trust established by the Housing Finance Authority of Pinellas County. Subsequently, the buildings were leased to Contemporary Housing Alternatives of Florida, Inc. (CHAF), a designated CHDO. The long term, 99 year ground lease will insure that the property remains affordable long-term. A comprehensive renovation project was completed which included new roofing, window, HVAC systems, interior renovations, and energy efficiency improvements. Lease up is complete and the property is fully occupied. Pinellas County committed \$100,000 to a rental housing rehabilitation project known as Sunrise Apartment located in Tarpon Springs, FL. A total of 36 units will be acquired and rehabilitated. As a result of the NSP1 funding provided, 11 units will be income restricted for households with an income level below 50% of AMI.

QTR 04/01/19-06/30/19: During the quarter, overall program management and compliance activities related to completed housing activities continued. Staff evaluated PI options, however, does not plan to transfer PI to CDBG at this time. Target for NSP grant closeout: 9/30/2020.

Activity Description:

This activity will address neighborhood stabilization within the high priority areas identified in Exhibit A. Specific neighborhoods will be identified within the census tracts at the time funds are available. The properties will be acquired, rehabilitated and made available as rental property for families that are below 120% of area median income. Eligible properties include single family homes and multi-family rental properties that are either abandoned or foreclosed. This could include hotels, motels and short-term accommodations that are determined to be financially feasible. The continued affordability of the properties addressed under this activity will be ensured through land use restriction instruments. All properties acquired under this activity must meet the required purchase discount of at least 5% less than current market appraised value and must be as high as required to keep the total NSP portfolio within the required purchase discount level. The properties will be monitored for continued affordability requirements and affordable rents, consistent with the monitoring standards utilized for HOME funded multi-family properties.

Location Description:

This activity will be carried out in the targeted areas of Greatest Need. Other census tracts with equal need, as they are identified over the course of the program will be evaluated for participation in the program.

All rehabilitation must be performed by a licensed and insured contractor.
