## Disasters:

### Declaration Number

NSP

## Plan Description:

Based on the 2000 Census Data, the City of Pontiac has over 63% households which qualify under 80% or below of Area Median Income. The City has consistently had a much higher rate of unemployment than surrounding communities and a lower housing value. Pontiac currently has an unemployment rate of 20.5% while the surrounding communities in Oakland County have an unemployment rate of 8%. Based on the data provided by HUD, Pontiac has a higher unemployment than either Detroit (17.7%) or Flint (17%) In 2000, the median household income in Pontiac was \$31,207 while the State of Michigans per capita income was \$44,467 and Oakland Countys was \$61,907. At \$15,842, the per capita income is 48% of the per capita income of Oakland County. Using data from the Mortgage Bankers Association National Delinquency Survey as of June 2008, HUD has calculated the approximate number of foreclosure starts for all of 2007 and the first six months of 2008. In Pontiac, this number is estimated at 1,616 giving Pontiac a foreclosure rate of 12.6%. This rate is third in Michigan only behind Detroit and Flint. In reviewing the foreclosure and abandonment risk score, of which 1 is the lowest and 10 is the highest, there are six Block Groups in the City that have a risk score of 9. These are clustered on the north side of the City in Census Tracts 1410, 1411 and 1412 and one other Census Tract 1419 which is located on the west side of the City. The remaining 63 Block Groups in the City have a risk score of 10, the highest and these cover the entire community. In addition, over 50% of persons who have a mortgage have what is considered to be a high cost, high risk sub prime mortgage. This represents over 3,200 potential foreclosures due to the nature of these mortgages. In addition, there are over 2,100 vacant housing units currently in the City and these are also located throughout the City. The average vacancy rate in the City is 8.6% with several Census Tracts having vacancy rates over 19%. Due to the economic conditions in the City and the large number of foreclosures (over 1,600 in 18 months), the City has a large number of vacant, foreclosed upon properties in the City. While many of these homes are standard homes that can be rehabilitated up to current code, there are approximately 150 foreclosed homes that need to be demolished based on current conditions. The City, through its regular CDBG program, has focused a portion of our funding toward the demolition of condemned, blighting single family homes. Currently, the City has a list of approximately 600 homes that are in some part of the Substandard Process. With the large number of foreclosures in our community, the City has seen an increase in the number of properties that go through the Citys Substandard Housing that are bank-owned foreclosed upon properties. As the inventories of the banks increase, the properties in Pontiac are not being maintained properly and the houses are not being secured against trespass. As properties sit vacant in the City, the houses are broken in to and the salvageable materials are removed. This sometimes includes the doors and the windows as well as the furnace, hot water heaters, the plumbing, wiring and fixtures. The houses are then left completely open to the elements and fast become an attractive nuisance and a threat to health and safety. The use of these NSP funds will also help the City to start to build back its tax base which has severely eroded by dropping home values (-13.3% since 2000), tax foreclosures and loss of housing stock to abandonment and demolition. In an article from the Oakland Press dated November 20, 2008, it stated that the property values in Pontiac had declined even further, 20.11 % during the previous year (October 1, 2007 through September 20, 2008). This information was from a study of sales through the Oakland County Equalization Department.

## Recovery Needs:

The City is proposing to address the issue of vacant, blighting foreclosed upon properties in the City of Pontiac with the following activities:

1. Demolition of blighting vacant foreclosed upon homes:

The City will target approximately 50 or more blighting vacant foreclosed upon structures. The properties must be designated and documented as blighting through the City's Substandard process. The properties must be bank owned properties at the time of demolition. Priority will be given to those properties that are located within the seven designated Target Areas of the Cities of Promise.

2. Redevelopment of Abandoned or Vacant Property

The City Council will allocate \$400,000 for the construction of at least eight new single family homes that will be constructed to Michigan Green Build or LEED Certification. The City will bid out the construction of the new homes to eligible companies to construct these home using the funds as a subsidy to make the homes more affordable to persons at 50% or below of area median income.

The City will partner with a contractor with green building experience to construct at least two single family homes that meet Michigan Green Build or LEED Certification while providing job training opportunities. The City will partner with our local job training agency to provide individuals interested in learning green building skills and technology. The two single family homes will be constructed on vacant, city-owned land and after completion, the homes will be used as rental properties for two households at 50% or below of area median income. If the households are interested and able, the City will work with them on a lease purchase program to eventually acquire the homes.

3. Acquisition/Rehab and Resale for Affordable Housing:

The City will purchase vacant, foreclosed upon bank-owned properties at a discount (5 to 15%) of appraised value (required by regulations). The City will complete a team inspection and energy audit on each home and make necessary repairs to bring up to code and improve energy efficiency. The homes will then be made available for sale to income eligible households up to 120% of Area Median Income for the amount of NSP assistance invested in the home (required by regulations).

4. Downpayment and Rehab Assistance:

The City will provide up to \$20,000 in downpayment assistance to eligible homebuyers up to 120% of Area Median Income. Potential homebuyers will find a home to purchase. The home must be foreclosed upon, bank owned and vacant. The City will complete an appraisal (required), a team inspection and energy audit on the home. The funds can be used for any combination of downpayment (mortgage buy down), reasonable closing costs and rehabilitation costs. Assistance will be provided in the form of a soft second, deferred loan in the amount of NSP assistance. The loan will be a no interest deferred loan payable at the time that the home is sold or title is transferred.

Overall the proposed activities would assist a minimum of 69 households with new housing opportunities. This includes both rental and homeownership opportunities. The program will focus on bringing these housing units up to current building codes and to Energy Star standards to promote long term affordability and sustainability to help stabilize our neighborhoods. Any program income generated by homeowner activities will be reinvested back to the same activity generating the program income allowing the City to complete additional homeownership units. Program income may generate an additional 16 units of homeownership on the first generation of these funds. The program will also allow the demolition of an additional 50 or more substandard, blighting, vacant, bank owned properties in our communities with the added possibility of matching funds from the Cities of Promise Blight Elimination Grant which could address another 15 properties for demolition.

## Progress Toward Activity Type Targets

## Progress Toward National Objective Targets

### Overall Progress Narrative:

During the reporting period, the City worked to set up the necessary programs for the NSP program. The City is working to finalize our Request for Proposals for the Acquisition/Rehabilitation/Resale and Redevelopment activities. The City tested and abated 21 NSP eligible, blighting structures for asbestos and demolished 12 of the structures. The City has also put out another approximately 80 structures for bid for demolition. The City has identified 10 tax foreclosed homes that the City will purchase for its acquisition/rehabilitation activity. These homes will be purchased in the next quarter. The City also identified five mortgage foreclosed homes. HUD staff has met with the City's Emergency Financial Manager to discuss the use of NSP funds.

**Activity Description:**

The City will contract will an organization to construction eight (8) single family, Michigan Green Build homes. Upon completion, the homes will be sold to households at 50% or below of AMI. The City will also contract to construct two (2) single family, Michigan Green Build homes to be used as green technology job training opportunities. Upon completion, these homes will be sold to households at 50% of AMI.

**Location Description:**

The project will be located on vacant, City Owned properties in Census Tracts 1416, 1417, 1421, 1422, 1424 and 1425. These are areas of the City have the greatest concentration of vacant lots and currently targeted for revitalization activities.

**Activity Progress Narrative:**

During the first quarter, the City did not expend funds for this activity. The City will finalize the Request for Proposals for this activity in the next quarter.

#### Activity Description:

The City will contract out services to acquire vacant, foreclosed properties in these neighborhoods. The homes will be brought up to code and made Energy Star compliant to insure long term affordability. The homes will then be made available for sale to families with incomes up to 50% of AMI.

#### Location Description:

The City will focus on those areas of the City where Revitalization is not currently underway. These are the neighborhoods that previously had higher assessed values and had higher concentrations of homeownership. These areas included Census Tracts 1410, BG2; CT1411; CT1413; CT1414 exc. BG1; CT1415; CT1416 exc. BG4; CT1417; CT1418; CT1419; CT 1420; CT1421; CT1425; CT1426 and CT1427.

#### Activity Progress Narrative:

The City is preparing the Request for Proposals for this activity to oversee the rehabilitation of the units acquired. The City has identified 10 single family homes that it will purchase from Oakland County. These are all tax foreclosed properties. The City has also identified five mortgage foreclosed properties that the City is interested in purchasing. The actual addresses of the properties will be added after the closing on each unit.

**Activity Description:**

The City will demolish approximately 50 or more blighting or condemned vacant, foreclosed upon properties in NSP eligible areas of the City. These homes will be vacant, foreclosed upon properties that have been determined by the City's Substandard Housing process to be dangerous and blighting to the community. The City will target those properties considered to no longer be economically feasible to rehabilitate into standard housing.

**Location Description:**

The City will demolish vacant, blighting foreclosed upon properties that are located within nine (9) locally designated target areas. These target areas are in NSP eligible areas of the City (greater than 51% of LMMI). These areas include all of or portions of the following Census Tracts: 1416, 1417, 1421, 1422, 1424, 1425 and 1427.

**Activity Progress Narrative:**

During the reporting period, the City identified 21 NSP Structures. Each of the structures was tested for asbestos, and if asbestos was found, the units were abated. The City was able to demolish 12 blighting structures under the NSP program. The City expended \$66,595 in NSP funds and the funds will be drawn in the next quarter. The City will work to complete the demolition of these remaining 9 homes during the next quarter. The City also put out an additional 70 homes to bid and will award another demolition contract in the next few weeks.

**Activity Description:**

The City of Pontiac will up to ten vacants for the construction of up to ten new single family homes. The City will work with a community partner to construct two single family, energy efficient homes that will be used for job training purposes. The City has set aside \$250,000 for this activity where by the City will be working with our workforce development to identify individuals to receive job training on energy efficient/LEED Certified/or Michigan Green Build construction techniques. Upon completion, these homes will be marketed to households at 50% or below of area median income. The City target the remaining \$400,000 toward the construction of eight additional energy efficient homes. The City will bid out the project and use the NSP funds to buy the cost of the new homes so that they are affordable to households at 50% or below of area median income

**Location Description:**

The City of Pontiac will up to ten vacant lots for the construction of up to ten new single family homes. The City will prioritize the construction of these single family homes in the identified target areas of the Cities of Promise program and the targeted neighborhoods of the HOME program to build on existing new development created by our nonprofit housing organizations.

**Activity Progress Narrative:**

During the first quarter, the City did not expend of the funds for this activity. The City will finalize the Request for Proposals for the activity.

#### Activity Description:

The City will use the allowable 10% of the grant funds for the administration and oversight of the Neighborhood Stabilization Program. The funds will be used to pay salaries, fringes, supplies and other standard operating expenses for the Neighborhood Stabilization Program activities.

#### Location Description:

The Neighborhood Stabilization Program will be administered out of the Federal Programs Division Office located at Pontiac City Hall, 47450 Woodward Avenue, Pontiac, MI 48342.

#### Activity Progress Narrative:

During the reporting period, the City received the invoice for the NSP NOFONSI Public Notice and there were pre-award administrative staff costs. These funds will be drawn down in the next quarter.

**Activity Description:**

The City will acquire vacant, foreclosed upon bank owned properties at a negotiated discount and the City will rehabilitate these homes bringing them back up to code and completing energy efficient upgrades on the homes. Upon completion of the rehabilitation, the homes will first be offered for sale to persons at 50% or below of AMI. If the City identifies a family that is interested in purchasing the home but can do so based on current credit issues, the City will work with them including providing a lease purchase option to make them credit worthy to purchase the home. If the home cannot be sold the homes will be rented to families at 50% or below of AMI at an affordable rent.

**Location Description:**

The City will acquire seven vacant homes that will be rehabilitated and sold to eligible households with incomes at 50% or below of area median income. The City has not identified specific locations of properties at this time but there vacant, foreclosed upon homes located throughout the community. With the exception of five block groups which have a foreclosure risk score of 9, the remainder of the City has been designated with a foreclosure risk score of 10.

**Activity Progress Narrative:**

The City is preparing the Request for Proposals for this activity to oversee the rehabilitation of the units acquired. The City has identified 10 single family homes that it will purchase from Oakland County. These are all tax foreclosed properties. The City has also identified five mortgage foreclosed properties that the City is interested in purchasing. The actual addresses of the properties will be added after the closing on each unit.

#### Activity Description:

The City will acquire vacant, foreclosed upon bank-owned housing units in the City. The City will rehabilitate these units up to current code with an emphasis on bringing the homes into compliance with Energy Star standards to make them more energy efficient. Upon completion, the housing will be sold to income eligible homebuyer households with incomes up to 120% of AMI. If the home cannot be sold, the property will be rented to income eligible households at an affordable rent for their household type. The City will work with individual families to provide a lease/purchase option for those families who can prepare themselves for homeownership within a 36 month or less time frame.

#### Location Description:

The City will acquire vacant, foreclosed upon bank owned properties located throughout the City. The City will give priority to those properties located in the targeted areas identified through the Cities of Promise program and through the neighborhood revitalization areas of the HOME program. The City will only acquire properties that are economically feasible to rehabilitate into standard housing at an affordable rate. The City will work with Federal Agencies to identify their housing inventory in the City and work to purchase homes at a deep discount. These homes are located throughout the community.

#### Activity Progress Narrative:

The City is preparing the Request for Proposals for this activity to oversee the rehabilitation of the units acquired. The City has identified 10 single family homes that it will purchase from Oakland County. These are all tax foreclosed properties. The City has also identified five mortgage foreclosed properties that the City is interested in purchasing. The actual addresses of the properties will be added after the closing on each unit.

**Activity Description:**

The City of Pontiac will up to \$20,000 in downpayment assistance, reasonable closing costs and housing rehabilitation to income-eligible, homebuyer households who purchase a vacant, foreclosed upon home in the City of Pontiac. The homebuyer must apply to the City prior to the purchase of the home and must negotiate a discounted purchase price from the owner. The homebuyer must be able to obtain a conventional first mortgage and the NSP funds will fund the gap to make the homes more affordable. The City will assist at a minimum, 20 households under this program.

**Location Description:**

The program will be operated out of the Federal Programs Division Office located at 47450 Woodward Avenue, Pontiac. This program is a homebuyer drive activity so the program participants will choose their own homes to acquire. The homes can be located throughout the entire community.

**Activity Progress Narrative:**

During the reporting period, the City had approximately 12 applications from interested households. The City is reviewing eligibility and the applicants are completing the necessary homebuyer education training with Lighthouse Community Development.

#### Activity Description:

The City will demolish approximately 50 or more blighting condemned structures located in NSP eligible areas of the City. These homes will be vacant, foreclosed upon bank owned properties that have been determined by the City's Substandard Housing Process to be dangerous and blighting to the community. The City will target those properties considered to no longer be economically feasible to rehabilitate into standard housing.

#### Location Description:

The City will prioritize the demolition of blighting, substandard, vacant foreclosed upon properties located within the City designated Cities of Promise Targeted Areas. These locally designated areas have a high percentage of abandoned, condemned homes and include all of or portions of the following Census Tracts: 1416, 1417, 1421, 1422, 1424, 1425, and 1427. Although these areas are targeted, the City will demolish structures throughout the City in NSP eligible areas of the City (block groups with greater than 51% of households at 120% or below).

#### Activity Progress Narrative:

During the reporting period, the City identified 21 NSP structures. Each of the structures was tested for asbestos, and if asbestos was found, the units were abated. The City was able to demolish 12 blighting structures under the NSP program. The City expended \$69,595 in NSP funds and the funds will be drawn in the next quarter. The City will work to complete the demolition of these remaining 9 homes during the next quarter. The City also put out an additional 70 homes to bid and will award another demolition within the next two weeks.
