## Progress Toward National Objective Targets

### Overall Progress Narrative:

In the Third quarter of 2009, the City of Savannah remained consistent in its efforts to acquire NSP-eligible properties through its designated purchasing agent, the Chatham County/City of Savannah Land Bank Authority (LBA). The LBA continues to use the methods outlined in our initial report which includes an extensive review of a variety of sources to include the following:

Chatham County's Property Transfer Database  
 FHA Foreclosure Website (PEMCO)  
 Bid Select Website (Government as well as REO)  
 Local Real Estate Multi-List  
 Savannah Morning News  
 REO Websites (Wells Fargo, Bank of America)  
 Chatham County Monthly Tax Sales

Auction Websites for Local Listings (Williams & Williams, Hudson & Marshall, Re-Max Auctioneers, USDA Properties, Roswell Auction, Iron Horse, etc.)

Real Estate Multi-Listing and Municipal Tax Sales have proven to be viable options for acquiring NSP-eligible properties. The LBA continues to submit offers to Realtors for MLS listed properties held by area banking institutions.

Several contracts were written to acquire NSP-eligible property from the period July 1- September 30, 2009. The Land Bank Authority successfully acquired 8 of the 13 properties targeted; however, funds have not been obligated in DRGR during the quarter as the City of Savannah's Finance Department experienced difficulty in establishing log-in credentials in DRGR. The issue was resolved as of October 2009.

The total funds expended for NSP-eligible properties during the third quarter are \$91,409.47.

### Activity Description:

This activity will be used to purchase and rehabilitate homes and residential property that have been abandoned or foreclosed upon, in order to sell, rent or redevelop such homes and properties for households earning 120% or less of the Area Median Income. This activity will be carried out in Census Tracts, Block Groups and/or neighborhoods in which at least 51% of residents have incomes at or below 120% of the Area Median Income. These areas have been identified as likely to face a significant rise in the rate of home foreclosures due to sub-prime lending and other conditions that affect LMMI residents. NSP funds will be used to purchase and rehabilitate homes and residential property that have been abandoned or foreclosed upon, in order to sell, rent or redevelop such homes and properties for households earning 120% or less of the Area Median Income. At least \$255,000 of the \$500,000 NSP funds budgeted for this activity will be used to acquire and rehabilitate housing that will be rented or sold to households with incomes that do not exceed 50% of Area Median Income. This allocation will go toward meeting the NSP requirement that 25% of NSP funds are used to provide housing for households with incomes that do not exceed 50% of Area Median Income. Non-profit housing organizations and private developers are expected to assist the City in carrying out this activity.

### Location Description:

While specific addresses have not yet been identified, all properties assisted under this activity will be located in the areas identified in the Areas of Greatest Need portion of this application.

### Activity Progress Narrative:

During the period July 1 - September 30, 2009, the Land Bank Authority (LBA) identified and pursued the acquisition of 13 properties using NSP funds. The LBA successfully acquired 8 of the 13 properties targeted. The total funds expended for activity number 227-3150 during the third quarter is \$69,605.18.

The following is a list of NSP-eligible properties acquired during the third quarter under activity number 227-3150 which are located in census tracts determined to be in the City of Savannah's areas of greatest need:

1530 Stratford Street CT 6.01

2099 Patch Street CT 6.01

619 West 31st Street CT 12

All of the listed properties are in the NSP Target Area.

Funds have not been obligated in DRGR during the quarter as the City of Savannah's Finance Department experienced difficulty in establishing log-in credentials in DRGR. The issue was resolved as of October 2009.

**Activity Progress Narrative:**

During the third quarter of 2009, the City of Savannah worked to design a program to redevelop properties that are vacant or have been demolished. The LBA (Purchasing Agent for the City of Savannah) continues to work with the City's Housing department to acquire NSP-eligible properties for construction or rehabilitation. The majority of progress related to activity number 227-3151 has been through acquisition which is handled by the LBA. Both entities work together regarding property acquisition related to this activity. To date, none of the properties acquired have been redeveloped/rehabilitated and no funds have been expended.

**Activity Description:**

The Chatham County / City of Savannah Land Bank Authority (LBA) will be called upon by the City of Savannah to assemble, temporarily manage and dispose of vacant property for the purpose of stabilizing neighborhoods and encouraging re-use or redevelopment of urban property. Any property acquired by the LBA must be sold within 10 years after it has been acquired and must be developed by its purchaser into affordable housing that is occupied by households earning 120% of Area Median Income and meeting other requirements of the NSP program. Properties sold by the LBA for affordable housing development must be developed following the long term affordability requirements established for the HOME program. These requirements will be enforced through various legal documents including loan agreements, promissory notes, deeds and/or other forms of deed restrictions. They will also be enforced through monitoring performed by the City of Savannah. This activity will be carried out in Census Tracts, Block Groups and/or neighborhoods in which at least 51% of residents have incomes at or below 120% of the Area Median Income. These areas have been identified as likely to face a significant rise in the rate of home foreclosures due to sub-prime lending and other conditions that affect LMMI residents. Non-profit housing organizations and private developers are expected to assist the City and LBA in carrying out the housing development and/or rehabilitation portion of this activity once the property has been sold by the LBA.

**Activity Description:**

The City of Savannah will use NSP funds to demolish blighted structures in Census Tracts, Block Groups and/or neighborhoods in which at least 51% of the residents have incomes below 120% of Area Median Income. Blighted structures are those that exhibit objectively determinable signs of deterioration sufficient to constitute a threat to human health, safety and public welfare. The City of Savannah will use the International Property Maintenance Codes definition of blighted property in determining if a property is blighted. This definition is: Any structure or premises, which by reason of dilapidation, overcrowding, lack of ventilation, light or sanitary facilities, or any combination of these factors detrimental to safety, health and morals. The City of Savannahs Property Maintenance Department oversees the enforcement of the International Property Maintenance Code and will, therefore, oversee the implementation of this NSP activity. The removal of these types of blighted properties should help stabilize neighborhoods and begin to help reduce the blight, crime and disinvestment that occurs in neighborhoods. These types of blighted structures also hold down property values which makes it difficult for neighborhood residents to borrow money to invest in their properties or to sell their properties should the need arise. All properties demolished using NSP funds shall have a repayable lien placed against the title of the property. The City shall aggressively seek to recover its NSP investment using its Revenue Department to assist with this initiative. Whenever possible and where title is clear, the City shall seek to acquire the demolished property and sell it to an affordable housing developer. However, many blighted properties in need of demolition are likely to have title problems that make acquiring and/or developing the property difficult. Demolished properties that the City is able to acquire and sell, will be sold to developers who will be required to develop affordable housing that meets the long term affordability and other requirements established for the HOME program. These requirements will be enforced through various legal documents including loan agreements, promissory notes, deeds and/or other forms of deed restrictions. They will also be enforced through monitoring performed by the City of Savannah. This activity will be carried out in Census Tracts, Block Groups and/or neighborhoods in which at least 51% of residents have incomes at or below 120% of the Area Median Income. These areas have been identified as likely to face a significant rise in the rate of home foreclosures due to sub-prime lending and other conditions that affect LMMI residents.

**Location Description:**

While specific addresses have not yet been identified, all properties assisted under this activity will be located in the areas identified in the Areas of Greatest Need portion of this application.

**Activity Progress Narrative:**

During the third quarter of 2009, the City of Savannah continued to design policies and procedures for the disposition of NSP-eligible properties. Efforts were made through inter-departmental meetings to develop a program to demolish blighted properties within the guidelines of the NSP regulations. To date, the City of Savannah has not acquired any NSP-eligible properties for demolition. NSP funds were not expended during this period for activity 227-3153.
