Narratives

Areas of Greatest Need:

Surprise has experienced a great effect from the foreclosure crisis. With a foreclosure rate of over 8% in some areas, and a sub-prime rate of 41% within the original town site, Surprise is in a housing crisis that must be addressed in order to stabilize its neighborhoods. Through local research it has been determined that Special Planning Area 1 within Surprise has seen the greatest impact through the rapid rate of foreclosure, therefore this has been determined the area of greatest need.

Distribution and Uses of Funds:

Surprise intends to use the funds to acquire vacant and/or foreclosed homes, to rehabilitate or demolish and newly construct these homes. Surprise will then sell these homes to qualified buyers with homebuyer assistance as necessary. These activities will be targeted to residential properties identified within the Area of Greatest Need. Initial project goal is to newly construct 3 homes on acquired vacant land, or parcels with a substandard home that needs to be demolished. Additionally, Surprise will purchase, rehabilitate if necessary, and resell with downpayment assistance 9 homes. Additional projects of this nature will be completed with program income.

Definitions and Descriptions:

Low Income Targeting:

City of Surprise has identified the low income targeting area as identified by the high foreclosure rates. Target area includes homes between Bell Road and Peoria Road (North to South) and between Perryville Rd and Dysart Road. (West to East). Subdivisions outside of this area but are included are Kingswood Park and the Original Townsite.

Acquisition and Relocation:
