

April 1, 2020 thru June 30, 2020 Performance Report

the quality of the neighborhood.

Ensuring Continued Affordability:

DSHA will ensure that the Long-Term Affordability provisions for NSP 3 funds are at least as rigorous as the HOME requirements for deferred second mortgage loans for downpayments and closing costs.

The prorated amount of NSP 3 funds in the form of second mortgage loans used for downpayments and closing costs are subject to recapture when the initially-assisted homebuyer sells, rents or refinances the NSP 3-assisted property within the recapture period set forth in the following chart:

Amount of NSP 3 Funds	Recapture period
Less than \$15,000	5 Years
\$15,000 to \$40,000	10 Years
Over \$40,000	15 Years

NSP 3 mortgage loans shall be forgiven after expiration of the loan recapture period and/or period of affordability. If the NSP 3-assisted property is sold, rented or refinanced during the recapture period, the amount of the repayment required shall be prorated by the number of full years the original NSP 3-assisted owner occupied the property.

Where the net proceeds from a sale (the sales price less mortgage loan repayment and closing costs) are greater than the prorated balance due under the NSP 3 mortgage loan, the balance of the NSP 3 prorated mortgage loan shall be repaid to DSHA. However, where the net proceeds are less than the NSP 3 mortgage loan, the amount of the all net proceeds shall be repaid to DSHA to repay a portion of the NSP 3 Loan. All repaid NSP 3 mortgage funds shall be used to support other NSP-eligible activities.

These recapture provisions shall be included in the note and mortgage evidencing and securing the NSP 3-funded second mortgage loan.

In an effort to increase the stock of permanently affordable homes in Delaware, DSHA is exploring assisting moderate- and low-income families wishing to purchase foreclosed homes in more stable neighborhoods, within target areas, to do so with retention agreements that will provide long-term affordability. In addition, DSHA will consider working with CLT buyers needing more than \$20,000 in assistance, but not more than \$60,000 in assistance to purchase home

Ensuring Continued Affordability:

s using NSP 3 funds.

Definition of Blighted Structure:

Delaware has a definition of blighted communities, but not for blighted structures, therefore the NSP definition of blighted structure will be applied: A structure is blighted when it exhibits objectively determinable signs of deterioration sufficient to constitute a threat to human health, safety, and public welfare. Further, DSHA considers a structure to be blighted if it does not meet the State of Delaware Housing Code or the local building code for each subgrantee.

Definition of Affordable Rents:

For any NSP-funded rental activity, affordable rents are defined as 30 percent of the household's monthly gross income, less utility allowances. Total monthly costs (rent plus tenant-paid utilities) cannot exceed 30 percent of the HUD AMI for the appropriate County, household size, bedroom size, and target income group. DSHA annually prepares and updates Utility Allowance Charts for Kent and Sussex Counties that show the applicable utility allowance for each tenant-provided utility. New Castle County prepares a similar chart for New Castle County utility allowances.

Procedures for Preferences for Affordable Rental Dev.:

To address the NSP requirement that at least 25% of the funds assist households with incomes at 50% AMI or less, we propose a set-aside of 25% of funds to be used by nonprofit organizations serving special needs populations to purchase homes and rehabilitate them, if necessary.

- Homes will be for low-income rental housing
- Maximum cost of \$250,000 investment per house
- Expect to complete at least five homes and provide housing to at least 15 people at a time once completed

DSHA will solicit proposals in June 2011 seeking applications that will provide affordable rental housing to special needs populations. Proposals will be ranked on the following criteria:

- Experience and capacity applicant to develop and manage special needs housing
- Other resources leveraged by NSP funding
- Location of anticipated housing (close to transportation and other resources, not in an area highly impacted with other housing for very low-income people)
- Energy saving and sustainable elements proposed
- Level of independence and level of support provided to residents
- Cost effectiveness of the proposal

Housing Rehabilitation/New Construction Standards:

DSHA will provide financing opportunities for those qualified home buyers to utilize the Federal Housing Administration (FHA) 203(k) acquisition rehabilitation loan product. These home buyers will work with their originating lender to abide by FHA 203(k) rehab standards. However, all rehabilitation of foreclosed -upon homes or residential properties that receive NSP 3 financing will be rehabilitated to the extent necessary to comply with applicable laws, codes and other requirements relating to housing safety, quality and habitability. According to NSP 3 requirements, DSHA is requiring that:

- Any rehabilitation for multi-family housing will comply with all regulations related to physical accessibility standards for persons with disabilities. See 24 CFR part 8; 24 CFR 100.205. Also see 24 CFR 570.487 and 24 CFR 570.602.
- All gut rehabilitation or new construction (i.e., general replacement of the interior of a building that may or may not include changes to structural elements such as flooring systems, columns or load bearing interior or exterior walls) of residential buildings up to three stories must be designed to meet the standard for Energy Star Qualified New Homes.
- Although no gut rehabilitation of mid-or high-rise multifamily housing is expected, all gut rehabilitation or new construction of mid- or high-rise multifamily housing must be designed to meet American Society of Heating, Refrigerating, and Air-Conditioning Engineers (ASHRAE) Standard 90.1-2004, Appendix G plus 20 percent (which is the Energy Star standard for multifamily buildings piloted by the Environmental Protection Agency and the Department of Energy).
- Other rehabilitation will meet these standards to the extent applicable to the rehabilitation work undertaken, e.g., replace older obsolete products and appliances (such as windows, doors, lighting, hot water heaters, furnaces, boilers, air conditioning units, refrigerators, clothes washers and dishwashers) with Energy Star-labeled products. Water-efficient toilets, showers, and faucets, such as those with the WaterSense label, must be installed.
- Where relevant, the housing will be improved to mitigate the impact of disasters (e.g., earthquake, hurricane, flooding, and fires).

In addition, DSHA will encourage NSP-Recommended Energy Efficient and Environmentally-Friendly Green Elements from Attachment C, whenever possible.

Vicinity Hiring:

Vicinity Hiring for Homeownership Assistance:

Most of our funds will go to down-payment and closing cost assistance and will not require hiring or contracting. We do not plan to hire additional staff to do this work, but if we need to hire will follow DSHA's Section 3 Employment and Contracting Plan, which encourages us to not only hire local people, but qualified low-income people to work on Federal grants.

Vicinity Hiring for Rehabilitation:

Our agreements with sub-contractors for NSP and other HUD funds specify that our sub-contractors also follow their Section 3 plans which encourage not only the hiring of local people, but qualified low-income people to work on Federal grants. All organizations selected to receive subcontracts for NSP work will be required to demonstrate their commitment to hiring local people, qualified low-income candidates

Overall Progress Narrative:

Overall:
During this quarter, the State of Delaware drew no NSP 3 Program funds and \$6,874.99 in Program Income. To date, \$6,980,809.66 has been expended in NSP 3 funds.

- New Castle County - To date, sold 45 of 48 homes - 13 of which were sold through their Vacant Homebuyer Assistance Program (VHAP), which provides up to \$10,000 in direct homebuyer assistance. 31 were sold to qualified homebuyers and 1 is a permanent rental.
- Rebuilding Our Communities (ROC) - To date, sold 28 of 28 homes.
- Special Needs Rentals - Eleven (11) of the eleven (11) permanent rental homes have been occupied.

Cornerstone West: Occupied 6 of the 6 homes. To date, there has been one separation (Strathaven) and unit was re-occupied.
Connections CSP: Fully occupied 3 of the 3 homes.
Dover Interfaith Mission for Housing: Occupied their home with three (3) tenants. To date, there has been one (1) separation and one (1) replacement.
United Cerebral Palsy: Occupied their home with two (2) tenants in May 2014.

Activity Description:

DSHA has elected to take direct State action and plans to use NSP along with our first-time homebuyer bond programs and FHA 203(k) product to provide downpayment and closing cost assistance to low- and moderate-income homebuyers, purchasing foreclosed homes in targeted areas. While NSP1 & NSP2 were supply driven programs, NSP3 will address the demand side of the market.

This will be a buyer-driven program, as DSHA provides financial resources to make available homeownership opportunities. Buyers will be given a high level of assistance from Housing Counselors, FHA consultants, lenders, and DSHA staff to ensure compliance with NSP regulations. DSHA's experience with prior NSP programs has found that more than 80% of the buyers have been first-time homebuyers. DSHA's first-time homebuyer program has a current 30-year fixed rate loan for 4.125% with 0-points. DSHA plans to provide up to \$20,000 in assistance to buyers using the first-time buyer bond program without the FHA 203K program which is expected to comprise about 70% of the NSP program. We expect to assist over 100 buyers with down payment and closing cost assistance under this program. DSHA is considering pairing higher levels of NSP assistance, up to \$60,000 per home, for homes that will become permanently affordable through a CLT model or other retention agreements.

DSHA has recently introduced a FHA 203K loan product that provides a loan for purchase and rehabilitation with a 30-year fixed term. In an effort to promote opportunities for homeownership with housing stock that may need repair, DSHA released this product with a special interest rate of 3.49% with a 1% origination fee. This set-aside has the lowest mortgage rate in agency history. DSHA plans to provide up to \$40,000 in assistance to buyers using the 203K program, which is expected to comprise about 30% of the NSP program.

DSHA plans to assist over 20 buyers with down payment and closing cost assistanc under this program.

DSHA is especially excited to be able to offer the 203K loans in combination with the NSP3 financing assistance. Many of the targeted neighborhoods have homes that are more than 30 years old and in need of rehabilitation. In the City of Wilmington, many homes are 50 to 100 years old and in need of significant

rehabilitation. The 203K loan product in combination with the NSP financing will allow homebuyers to bring these homes up to modern standards, including energy improvements that will make these homes more sustainable for low- and moderate-income families.

Combining these products and additional downpayment and closing cost assistance, DSHA strives to increase affordability of homes for low- and moderate-income buyers and increase homeownership in targeted areas. DSHA will monitor the assistance amounts with each program and may adjust the maximum amounts of closing cost and down payment assistance provided to ensure that the program is efficiently utilized by buyers in the targeted income range.

Activity Description:

DSHA intends to conduct a request for proposals process to find nonprofits interested in purchasing and rehabilitating foreclosed properties for the purpose of housing very low-income populations. DSHA will rate the applications based on need of population served, other leveraged resouces, including services if supportive housing is proposed, capacity and experience of the applicant(s), sustainability, cost effectiveness, and clarity of proposal including realistic timeline. DSHA will make all applicants aware of Section 3 and encourage a solid plan to hire low-income people from the neighborhoods served as well as encourage the use of minority and woman owned businesses. DSHA will enter into a contract with selected nonprofits and will work with them to identify suitable homes which will be purchased and rehabilitated by the nonprofit to meet the needs of the target population. DSHA will set-aside \$1,250,000 for this housing and expects to develop at least five homes that will serve people with incomes at or below 50% of AMI. DSHA intends to include criterion in the RFP that will encourage more units than five units to be completed, but will complete a minimum of five units.

In an effort to promote opportunities for homeownership with housing stock that may need repair, DSHA released this product with a special interest rate of 3.49% with a 1% origination fee. This set-aside has the lowest mortgage rate in agency history. DSHA plans to provide up to \$40,000 in assistance to buyers using the 203K program, which is expected to comprise about 30% of the NSP program.

DSHA plans to assist over 20 buyers with down payment and closing cost assistanc under this program.

DSHA is especially excited to be able to offer the 203K loans in combination with the NSP3 financing assistance. Many of the targeted neighborhoods have homes that are more than 30 years old and in need of rehabilitation. In the City of Wilmington, many homes are 50 to 100 years old and in need of significant

rehabilitation. The 203K loan product in combination with the NSP financing will allow homebuyers to bring these homes up to modern standards, including energy improvements that will make these homes more sustainable for low- and moderate-income families.

Combining these products and additional downpayment and closing cost assistance, DSHA strives to increase affordability of homes for low- and moderate-income buyers and increase homeownership in targeted areas. DSHA will monitor the assistance amounts with each program and may adjust the maximum amounts of closing cost and down payment assistance provided to ensure that the program is efficiently utilized by buyers in the targeted income range.

Location Description:

From North to South our target areas are as follows:
