#### Summary of Distribution and Uses of NSP Funds:

The Town of Apple Valley received a grant allocation of \$1,463,014. As mandated by NSP-3 regulations, 25% of the funds or \$365,754 will be used to serve residents earning at or below 50% of area median income. Activity #4, Program administration will be capped at 10% or \$146,301. Activity #1, Acquisition/New Construction for Multi-Residential Uses has been allocated \$854,000. Activity #2, Acquisition/Rehabilitation for Multi-Residential Uses has been allocated \$357,713, and Activity #4 Down Payment Assistance has been allocated \$105,000.

Due to ever-changing market conditions, The Town of Apple Valley will need to maintain a level of flexibility by permitting the movement of funds between eligible activities as well as amending the boundaries of one or more neighborhoods without requiring a substantial amendment. These changes may be made administratively, depending on the location, size and scope of the project(s).

#### How Fund Use Addresses Market Conditions:

The Town of Apple Valley is located in the Riverside/San Bernardino Metropolitan Statistical Area (MSA), consisting of the two counties of Riverside and San Bernardino, also referred to as the Inland Empire. As reported in the Victor Valley Daily Press, January 9, 2010, there were 250,831 notices of default issued in the Inland Empire from 2007 through 2009. According to Realty Trac (12/20/10), however, foreclosure activity based on the total number of properties that received foreclosure filings, default notices, a foreclosure auction notice or became Real Estate Owned (REO) reached 3,816 in Apple Valley for the period of December 2009 through November 2010.

According to the Inland Empire Quarterly Economic Report, October 2010, taxable retail sales in San Bernardino County fell 15.0%, Riverside County's sales dropped 14.5% and Inland Empire sales fell 14.7%. Every major Inland Empire city lost retail sales which is due in large part to the high unemployment rate of approximately 15%. In August 2010, the California Employment Development Department estimated the Inland Empire had lost approximately 22,500 jobs, down 2.0% from August 2009. The estimated job loss for 2010 is 28,444; following a record lost of -92,692 in 2009, the region's modern record.

The impact of sustained foreclosures, pre-foreclosure and auction notice activities (Realty Trac, 12/20/10) in concert with the high unemployment rate and stricter lender criteria as related to single-family home purchases drives the need for affordable rental housing in neighborhoods identified as "areas of greatest need" as determined by HUD's GIS Mapping Tool. In addition, low, moderate, and middle income individuals and families that have experienced foreclosure, periods of unemployment and financial uncertainty may be hesitant to commit to purchasing a home and are looking for housing alternatives and rental opportunities.

To further address the high rate of vacant, foreclosed properties in Apple Valley, NSP-3 funds will be used to implement a down payment assistance program designed to assist qualified households whose incomes do not exceed 50 percent of area median income with conventional, FHA and other approved loan products in neighborhoods of greatest need.

#### Ensuring Continued Affordability:

The duration of assistance will be regulated by HOME affordability covenants meeting, at minimum, requirements set by HOME regulations will be placed on all properties participating in this program. Continued affordability for NSP-3 assisted housing will be ensured through the use of covenants/deed restrictions or complying with HOME monitoring requirements, as applicable. See Section 3 Definitions and Descriptions; Long-term Affordability.

Long-Term Affordability requirements will comply with HOME program standards at 24 CFR 92.252(a), (c), (e), (f), and 92.254. All NSP-3-assisted units will meet the affordability requirements for not less than the applicable periods determined by the amount of assistance. The affordability requirements will be imposed by use of a deed restriction on the assisted

property.
