How Fund Use Addresses Market Conditions:

There are currently 5,672 resales or new homes on Trulia, as well as 3266 homes in the pre-foreclosure, auction, or banked owned stages of the foreclosure process. The numbers of homes sales have decreased when compared to a year ago. FHA mortgage rates are starting at 4.625 percent with no income restrictions and a minimum FICO of 620. Additionally, there is a 3.5 percent down payment required. However, the City has closed NSP 1 home loans the beneficiaries' FICO significantly less than 620. The lending institutions available to NSP beneficiaries are working with them to secure loans. The decrease in home prices in the City has made it possible for residences to own homes.

Ensuring Continued Affordability:

The City will use the minimum affordability period of the federal HOME Investment Partnership Program. The City will annually monitor the mortgage and rental assisted units during the affordability period to ensure the specified units are affordable and that the property continues to meet minimum housing quality standards.

Definition of Blighted Structure:

Blighted Structure: Any structure unfit for use, habitation, or dangerous to persons or other property. In addition, a structure is blighted when it exhibits objectively determinable signs of deterioration sufficient to constitute a threat to human health, safety, and public welfare. This includes structures showing evidence of physical decay or neglect, excessive use, or lack of maintenance.
Any "Nuisance" as defined by law, or
(a) Any attractive nuisance, which may be detrimental to the health or safety of children whether in a building, on the premises of a building, or upon an unoccupied lot. This includes, but is not limited to: abandoned wells, shafts, basements, and excavations, unclean swimming pools or spas, abandoned iceboxes, refrigerators, motor vehicles, and any structurally unsound fences or structures, lumber, trash, fences, or debris, which may prove a hazard for inquisitive minors;
(b) Unsanitary conditions or anything offensive to the senses or dangerous to health including, but not limited to, the emission of odors, sewage, human waste, liquids, gases, dust, smoke, vibration or noise, or whatever may render air, food, or drink detrimental to the health of human beings;
(c) Physical conditions such as, but not limited to, old, dilapidated, abandoned: scrap or metal, paper, building materials and equipment, bottles, glass, appliances, furniture, rags, rubber, motor vehicles, and parts thereof; or

- (d) Physical conditions posing fire hazards,
- (e) Physical conditions posing a hazard such as but not limited to dead or damaged trees.

Definition of Affordable Rents:

Affordable rents will not exceed 30 percent of the beneficiary’s household income and will not to exceed the Fair Market Rents for the unit size.

Housing Rehabilitation/New Construction Standards:

Any rehabilitation of housing located within the target areas must meet the Florida State Building Code and local ordinances pertaining to providing housing that is decent, safe, sanitary, and fit for habitation. The City of Fort Myers NSP Minimum Housing Rehabilitation Standards will be used, which described in detail the specifications for the rehabilitation work needed to bring properties into compliance with the City of Fort Myers Code of Ordinances. New construction will follow the City’s Housing Construction Standards.

Vicinity Hiring:

Projects funded with NSP3 will provide for the hiring of employees who reside within the vicinity of the areas of greatest need. This provision will be conveyed thru advertising, contracts and bid documents as applicable and will be monitored.

Procedures for Preferences for Affordable Rental Dev.:

The City has set aside \$250,000 for rental property development. Additionally, the City anticipates that a portion of the homes constructed under the Redevelopment activity will be rental units to help meet the rental preference.
