Summary of Distribution and Uses of NSP Funds:

NSP 3 funding is to be used for the Acquisition and Rehabilitation of Foreclosed, Vacant properties located in the designated Area of Greatest Need. Upon completion, the houses will be made available for sale to those income eligible households at 120% or less of the Area Median Income.

LMMH (75%)	\$ 808,557.00
LH25 (25%)	\$ 310,984.00
Administration	\$ 124,393.00
Total Grant	\$ 1,243,934.00

How Fund Use Addresses Market Conditions:

The City of Hammond utilized various data sources to determine the areas of greatest need. According to RealtyTrac data (2009) Indiana's foreclosure rate ranked No. 11 out of the 50 states for all of 2008, with 1.67 percent of all housing units receiving a foreclosure filing during the year. Lake County ranks second in the state in the number of foreclosed properties in December 2010 (323 foreclosures) and in December 2010, Hammond ranks first of the three large older industrial cities and second overall of all cities and towns in Lake County (RealtyTrac data). In doing a geographical comparison, the following graphically demonstrates the high continuing rate of foreclosure activity in the City of Hammond's zip code 46324, (which is where the targeted neighborhoods the city is requesting NSP3 funding). in comparison with the state, county and city averages. According to data collected from the county's Sheriff's office and geo-coded by the City of Hammond's Mayor's Housing Task Force, during calendar year 2010, the number of foreclosures in the City of Hammond totaled 717.

(Note: The Sheriff's Foreclosure Sales Listings were provided by the Lake County Sheriff's Office. Based on that data the district with the highest area of foreclosure activity is the Fourth District, the District in which the target area of greatest need is located.) The following is a list of year-to-date (January 2010 - December 2010) list of foreclosures by the City of Hammond Common Council District:

The targeted area the City selected, received 647 mortgages from 2004 through 2007. The total number of housing units in the targeted area is 1836; a certain number of these housing units may be rental. During the 2004-07, three year period, this targeted neighborhood had over one third of its housing units or 35%, receive new mortgages. Of these new mortgages 38.82 % (261) are described as high cost mortgages. This condition may further support the high foreclosure rate in the targeted area. Homes that are 90 or more days delinquent total 11.28% or approximately 207 homes. In the past year there have been 48 foreclosure starts in the targeted area.

The Area of Greatest Need is located in City of Hammond's 4th Council District as indicated by the "blocks" identified in the NSP3 Mapping Tool Detail, pages 2 and 3, Blocks Comprising Target Neighborhood. The area is physically bounded by 169th Street on the North, Calumet Avenue on the East, and Harrison Avenue on the West through 173rd Street on the South, then from 173rd Street on the North to River Drive on the South, Harrison Avenue on the West, and Columbia Avenue on the East.

Included in the selection criteria for determining the target area is the potential resale of acquired and rehabilitated properties. The targeted area and its immediate vicinity have accounted for 47.69% of the total residential properties sold in Hammond for the years 2008, 2009, and 2010. Using 2008 as the base year, that area is the only sales market area in Hammond that has reflected an increase in "Days On Market (DOM)." Whereas other sales market areas in Hammond reflect slightly decreased DOMs, the sales market area in which the targeted area is located has shown an increase of 9.35% (10 days) in DOM. Over the same 3 year period, that sales market

How Fund Use Addresses Market Conditions:

area has shown an 8.55% decrease in sales price or \$6,844 per unit. However, what continues to support this area as the prime basis for a successful program is that it continues to attract a comparatively greater proportion of new homebuyers in Hammond. This program will have a greater impact by rehabilitating 11 foreclosed, abandoned or vacant properties for that reason. This will reinforce to the prospective home buyers that the neighborhoods in this designated area continue to be viable and an attractive area in which to purchase an affordable house. The Sales Market Data was provided by a local realtor from the Multiple Listing Data Base.

An important and attractive marketing and selling point to prospective home buyers in Hammond is that all Hammond homeowners who have children that attend school for at least 6 years, and have met the program's grade requirements are eligible to receive free college tuition for 4 years through the City's College Bound program. This City program may further reinforce some borderline homebuyers to purchase a home in this area.

- 1. First District 79 YTD
- 2. Second District 96 YTD
- 3. Third District 105 YTD
- 4. Fourth District 160 YTD
- 5. Fifth District 128 YTD
- 6. Sixth District 149 YTD

Housing Rehabilitation/New Construction Standards:

All rehabilitation under the NSP 3 program will utilize the same rehabilitation standards used for its HOME-funded Owner-Occupied Rehabilitation Program. These standards are based upon local housing codes and comply with the 2003 International Residential Code, with Indiana Amendments, and specifically Appendix J (Existing Buildings and Structures). Structures with more than two units must comply with the IBC with Indiana Amendments. In addition, effective May 6, 2010, Indiana Energy Conservation Code 2010 (ASHRAE 90.1, 2007 edition, as amended) where applicable. All gut rehabilitation or new construction (as defined by HUD) of residential buildings up to three stories will be designed to meet the standard for Energy Star Qualified New Homes. Other rehabilitation will meet these standards to the "extent applicable" to the rehabilitation work undertaken, e.g., replace older obsolete products and appliances (such as windows, doors, lighting, hot water heaters, furnaces, boilers, air conditioning units, refrigerators, stoves, clothes washers and dryers, and dishwashers) with Energy Star-46 labeled products.

Ensuring Continued Affordability:

The City of Hammond will ensure continued affordability for NSP 3-assisted housing by adopting the HOME program standards at 24 CFR 92.252 (a), (c), (e), and (f) for rental units and 92.254 for homeownership units. The affordability period for NSP 3-assisted acquisition or acquisition/rehab of rental and homeownership units will, at a minimum, meet the HOME standard:

Per-unit NSP 3 Assistance	Min. Affordability Period
up to \$15,000	5 years
\$15,000-\$40,000	10 years
above \$40,000	15 years

Definition of Blighted Structure:

Blighted Structure:

A structure will be considered blighted when it meets the following Indiana Unsafe Buildings and Unsafe Premises condition as defined in Indiana Statue condition:

IC 36-7-9-4 Unsafe buildings and unsafe premises described Sec. 4.

(a) For purposes of this chapter, a building or structure, or any part of a building or structure, that is:

- (1) in an impaired structural condition that makes it unsafe to a person or property;
- (2) a fire hazard;
- (3) a hazard to the public health;
- (4) a public nuisance;
- (5) dangerous to a person or property because of a violation of a statute or ordinance concerning building condition or maintenance; or
- (6) vacant and not maintained in a manner that would allow human habitation, occupancy, or use under the requirements of a statute or an ordinance;

are considered unsafe premises.

(b) For purposes of this chapter:

- (1) an unsafe building; and
 - (2) the tract of real property on which the unsafe building is located;
- are considered unsafe premises.

(c) For purposes of this chapter, a tract of real property that does not contain a building or structure, not including land used for production agriculture, is considered an unsafe premises if the tract of real property is:

- (1) a fire hazard;
- (2) a hazard to public health;
- (3) a public nuisance; or
- (4) dangerous to a person or property because of a violation of a statute or an ordinance.

Definition of Affordable Rents:

For the purposes of the NSP program, the City will utilize the definition of High-HOME rents from the HOME Investment Partnerships program: Efficiency, \$537; 1 BR, \$669; 2 BR, \$816; 3 BR, \$975; 4 BR, \$1,006; 5 BR, \$1,157; 6 BR, \$1,308

Vicinity Hiring:

Vicinity Hiring. The jurisdiction certifies that it will, to the maximum extent feasible, provide for hiring of employees that reside in the vicinity of all NSP3 funded projects or contract with small businesses that are owned and operated by persons residing in the vicinity of NSP3 projects. The City of Hammond will make attempts to see that persons and/or companies from the NSP 3 target areas are engaged and/or hired. Given the target area is primarily residential, this may present some challenges to hire businesses specifically in the targeted area. But because much of our community has substantial number of low to moderate income census tracts corresponding to its residents, if qualified residents are available and new hires are being sought we believe employment opportunities will develop. The City of Hammond has long defined the hiring preference "vicinity" for the CDBG program to be all of Hammond. It will use this same definition of "vicinity" for NSP 3 as a preference. The City will detail in advertisements for contractor, and in construction contracts, the requirement that contractors must make a "best faith effort" to meet Section 3 goals and standards when hiring new employees for NSP 3 projects. Quarterly reports will be maintained by the City to determine as to whether Section 3 and Vicinity Hiring goals are

achieved, and by whom.

The City has initiated the outline of a Work Force Program which will provide OSHA Safe Work Place Practices training to made available to City of Hammond residents. Names of participants completing the training will be made available to all contractors for NSP related projects and activities.

Procedures for Preferences for Affordable Rental Dev.:

Rental Preference:
 At this time with this application, the City of Hammond does not intend to utilize a rental program for the properties being acquired in the target area. The Hammond Housing Authority has undertaken a reconstruction and rehabilitation of existing structures and currently offers in excess of 390 rental units in a complex immediately adjoining the targeted area. In addition, Hammond Housing Authority also owns, maintains, and manages an additional site complex in the City of Hammond with 199 rental units located approximately 3 miles North of the targeted area. Historically The City of Hammond has stated that an estimated 65% of its 38,000 housing units were owner occupied, with the remainder being rental. Typically cities and towns to the South of Hammond have owner occupancy rates of an estimated 75%. With NSP1 and its Down Payment Assistance Program, the City of Hammond has noted an increased demand for home ownership. In 2 years of providing down payment assistance, the City has assisted an estimated 200 households with home ownership. The increased demand for home ownership may partially attributed to the City's College Bound Scholarship Program. The Program basically allows the children of Hammond residents (home owners) to obtain college tuition for 4 years at an annual amount equal to that of a State University. The Program does have conditions of eligibility relating to students' Grade Point Averages in High School and the college they choose to attend.

Overall Progress Narrative:

Through June 30, 2019, NSP Staff continues to seek viable opportunities for property acquisitions and prospective qualified buyers with its remaining NSP 3 funding. Local lenders, NCST, as well as realtors through the local Multiple Listing Service are among those targeted as prospective property sellers. The Target Area for NSP 3 is an area which appeared to have the highest Foreclosure Rate (per

Housing Unit) in the City of Hammond. The number of scheduled Lake County Sheriff Foreclosure Sales for Hammond properties continues to be static over the last 12 months. Future Sheriff Sales report that there were 6 properties in the Target Area subject to Sheriff Sale: 1 sold on 10/6/17, 1 subject to sale on 11/3/17, and 4 subject to sale on 12/3/17. On 6/2/2017, of 33 scheduled foreclosures in the City, 4 were in the Area. In 7/7/2017, there were none in the Target Area of the 20 total foreclosures. Historically Foreclosures in the NSP3 Target Area have been reported as: 2 in 1/2015, 1 in 2/2015, 0 in 3/2015, 5 in 4/2015, 8 in 5/2015, 2 in 6/2015, 5 in 7/2015, 3 in 8/2015, and 0 in 9/2015. There were 9 properties foreclosed on in the NSP 3 Target Area during the 4th Quarter 2015: 4 in 10/2015, 2 in 11/2015, and 3 in 12/2015. Of the 473 single family residences scheduled for foreclosure in the City of Hammond in 2014, 63 were in the NSP 3 Target Area. Of the 353 single family residences scheduled for foreclosure in the City of Hammond in 2015, 33 were in the NSP 3 Target Area. In 3/2016, of the 20 Hammond properties listed for foreclosure, 3 were in the NSP 3 Target Area. Sheriff's Sales for 4/2016, 5/2016, and 6/2016 were not available. Sheriff's Sale properties for 7/2016 through 9/2016 are as follows: of 15 foreclosures in 7/2016, 3 are in the NSP3 Target Area; 0 of 15 foreclosures in 8/2016 are in the NSP3 Target Area, 3 of 21 foreclosures in 9/2016; 2 of 16 in 10/16, and 1 of 22 in 11/16 are in the NSP3 Target Area. Sheriff Sales for 12/16 were not available. In 2017 there were 275 Sheriff Sales Foreclosures in the City of Hammond. 27 of those were located in the NSP3 Target Area. A number of those properties remain vacant, and others are being rented or leased, some with Rent To Own opportunities for the tenants. To Date through 3/31/2018, reports show there were 50 Hammond properties offered at the Lake County Indiana Sheriff Sales for Quarter I 2018. Of the 50 Hammond properties foreclosed on, only 5 were in the NSP3 target Area. During the 2nd Quarter 2018, there were 44 Foreclosures, of which 6 were in the NSP 3 Target Area. Through the 4th Quarter 2018 ending 3/31/2018, there were 70 Hammond houses Foreclosed on in the City of Hammond; 11 were in the NSP3 Designated Area.

The greatest impediment to acquiring vacant foreclosed properties continues to be the result of activities related to institutional investors and smaller investment companies. A number of properties identified as prospective to NSP3 have been acquired prior to NSP Staff completing its due diligence necessary for acquisition of properties. Typically these companies have funding readily available and have minimal, if any, due diligence requirements necessary for their acquisition of properties.

NSP Staff has continued to seek those properties with a lesser interest from the buying public. It is the intent to acquire and rehab those less desirable properties with the expectation that the market place support the acquisition of the more desirable properties. Referrals for properties of this type have been received through the City of Hammond Inspections Department. Inspectors will note and refer addresses to NSP Staff properties that appear to be vacant, foreclosed, and blighted. They will also state that the property appears to be a prospect for the City of Hammond NSP. NSP Staff recently began utilizing Realtytrac messages to seek prospective properties for acquisition, rehab, and sale.

There continues to be an avid interest on behalf of prospective home buyers in purchasing Hammond NSP properties. Prospective buyers of NSP properties are referred to NSP staff through a number of sources, among those being real estate agents, mortgage lenders, Home Owner Education providers, and referrals by existing owners of NSP properties. The NSP Household Income Guideline (120% or less of the Area Median Income adjusted for household size) is a factor for the demand for NSP houses, as is the consistent quality of the rehab on NSP houses, and the 20% Affordability Assistance Allowance. It should be noted however, that there has yet to be a NSP property sold to a buyer with a household adjusted income exceeding 80% of the Area Median Income. Seven Vacant Foreclosed Single Family Residences have been acquired with NSP 3 Grant Funding. All seven properties acquired, 909 175th Street, 7403 Oakdale Avenue, 7417 Maplewood Avenue, 7345 Jarnecke Avenue, 7526 Jarnecke, 7116 Woodlawn Avenue, and 538 169th Street have the Abatement and Rehab process completed, and have been sold and closed. The buyers include two Hispanic Households, two Black Female Heads of Households, one Black Male Head of Household, and 2 White Households. All buyers of the sold properties have been prequalified NSP HUD Household Income qualified. Program Income generated through 6/30/19 from the sale of the 7 completed properties is \$787,554.

\$1,726,721 (Grant Program Funds and Program Income) or 138.7% of the NSP 3 funds have been drawn through 6/30/19. \$203,253 in Program Funds remain available for NSP3 projects. Program Income derived from NSP Property sales, totaling \$686,040 have been expended at this time, with a balance of \$101,515 remaining.

NSP 3 Property Update:

- 1) 7403 Oakdale Avenue – 7/26/13, Sold and Closed for the List Price (Fair Market Value) of \$110,000 to a HUD Qualified Household Income LMMI (75% Allocation) Buyer.
- 2) 909 175th Street – 7/30/13, Sold and Closed for the List Price (Fair Market Value) of \$107,500 to a HUD Qualified Household Income LIH (25% Allocation) Buyer.
- 3) 7417 Maplewood Avenue – 12/5/13, Sold and Closed for the List Price (Fair Market Value) of \$106,500 to a HUD Qualified Household Income LMMI (75% Allocation) Buyer.
- 4) 7345 Jarnecke Avenue – 1/16/14, Sold and Closed for the List Price (Fair Market Value) of \$107,500 to a HUD Qualified Household Income LMMI (75% Allocation) Buyer.
- 5) 7526 Jarnecke Avenue – 11/7/14, Sold and Closed for the List Price (Fair Market Value) of \$114,000 to a HUD Qualified Household Income LMMI (75% Allocation) Buyer.
- 6) 7611 Woodlawn Avenue – 12/12/14, Sold and Closed for the List Price (Fair Market Value) of \$97,500 to a HUD Qualified Household Income LMMI (75% Allocation) Buyer.
- 7) 538 169th Street – 11/14/17 - The work on this property was completed. 2/28/18, The property was Sold and Closed at the List Price (Fair Market Value) of \$137,000 to a HUD Qualified Household Income LMMI (75% Allocation) Buyer.

Activity Description:

NSP Eligible Use B: Acquisition and Rehabilitation - This Activity will consist of identifying and acquiring vacant foreclosed single family residential properties, then reconstructing those properties in accordance with applicable guidelines. The upgraded property will then be marketed for sale to Low, Moderate, and Middle Income Households with a total Household Income not exceeding 120% of the Area Median Income (LMMIH75, 75%).

Location Description:

The NSP 3 Targeted Area is bounded by 165th Street to the North, River Drive to the South, Harrison Avenue to the West, and Columbia Avenue to the East.

Activity Progress Narrative:

The NSP 3 LMMIH Allocation has no properties remaining in its inventory.

Activity Description:

NSP Eligible Use B: Acquisition and Rehabilitation - This Activity will consist of identifying and acquiring vacant foreclosed single family residential properties, then rehabbing them in accordance with applicable guidelines. The completed properties will then be marketed for sale to Low Income Households with a total Household Income not exceeding 50% of the Area Median Income (LIH25, 25%).

Location Description:

The NSP 3 Targeted Area is bounded by 165th Street to the North, River Drive to the South, Harrison Avenue to the West and Columbia Avenue to the East.

Activity Progress Narrative:

The NSP 3 LIH 25% Allocation has no properties remaining in its inventory. The NSP 3 LMMIH Allocation has one property in its allocation inventory at this time. However it should be noted that all NSP properties are listed and made available for sale to any Income-qualified household. As in NSP1 it is possible that properties in the 75% Allocation for NSP3 could be sold to a Buyer qualified as a LIH25% Household. In speaking to the attendees at the Home Buyer Workshops and other groups this point is addressed and is emphasized. In its search for NSP 3 prospective properties, NSP Staff will continue to seek properties that would be conducive for sale to any qualified Buyer under NSP3. In order to attain the requirement for funds expended to Households with Incomes at 50% or Less of AMI, it may be necessary to restrict the sales of those houses to those with Household Incomes at 50% or less of the current AMI.

Activity Description:

Activity 24CFR 570.206 Administration: The City of Hammond will use 10% of its NSP 3 Allocation for the purpose of administrating the City of Hammond NSP 3 activities. Funding will be used for, but not limited to, eligible staff salaries, consultant fees, and other expenses deemed to be necessary, allowable, and applicable for the administration of NSP 3 in the City of Hammond.

Location Description:

The City of Hammond's NSP Targeted Area is bound by 165th Street to the North, River Drive to the South, Harrison Avenue to the West, and Columbia Avenue to the East.

Activity Progress Narrative:

The Administration expenses drawn to date have been for NSP Staff payroll and employee benefit expenses. Home Buyer workshops are sponsored by United Neighborhoods Inc., the City of Hammond's certified CHDO. Any expenses are paid for by the CHDO through restrictive funds as solicited from and provided by various lenders and other voluntary donors to assist prospective home buyers in their acquisition of a personal residence. There is no charge to the attendees for this service and workshop. Participation by the guest speakers, which include but are not limited to, are: a Lender, a Real Estate Agent/Broker, a Home Inspection professional, and City of Hammond staff speaking in regard to down payment assistance programs offered by the City. NSP Staff also contributes speaking about Affordable Housing Programs, including NSP, offered by the City of Hammond.

United Neighborhoods Inc. also participates with the Northwest Indiana Reinvestment Alliance group members. Northwest Indiana Reinvestment Alliance assists and promotes active participation from area Housing and Lending Providers, Community Groups, and Social Service Agencies in providing financial and other services that would empower residents to build and strengthen the communities through home ownership, housing rehabilitation, as well as and credit building opportunities, particularly for Low- to-Moderate Income and Minority Residents. In cooperation with the City of Hammond, UNI Staff has agreed to actively participate in the development of the Lake County Community Benefits Plan, a collaboration between community development practitioners and lending institutions.

NSP staff has also been engaged to speak at and attend numerous public events, detailing the City's NSP and Affordable Housing opportunities. The most recent speaking engagement of note was at Mayor McDermott's Annual Realtors Breakfast on June 1, 2017 at the Lost Marsh Club House in Hammond, at which an audience of an estimated 170 attended. Staff has recently been invited to speak at the next Annual Mayor McDermott City of Hammond Annual Realtor's Breakfast was also held on June 14, 2018; approximately 144 attended the event. . Typically all expenses related to the events are paid for outside of NSP funds, usually through donations contributed to the CHDO or a sponsoring entity. NSP staff seeks various marketing outlets for promoting its NSP without incurring any costs or expenses to the program(s). NSP staff will continue to attend Community/Neighborhood Watch Program meetings throughout the City of Hammond. The next event scheduled for Staff to speak was scheduled to speak was to The Northwest Indiana Mortgage Bankers Association (NWIMBA) on November 17, 2016. Staff continues to participate in and support the City of Hammond 1stTime Home Buyer Workshops, speaking about down payment assistance and the NSP. An estimated 20 individuals participate in the Workshop each month, at no cost to the participant. Staff has also elected to participate with the Northwest Indiana Reinvestment Alliance in assisting in the development of the Lake County Indiana Community Benefits Plan, with the last meeting held on 4/16/2018. A Guest Speaker to the group on July 25, 2018 was Amanda (Mandy) Wrinkle a Senior Regional Organizer for the National Community Reinvestment Coalition (NCRC). The primary topic of discussion was the need for redevelopment in Northwest Indiana, and to lay the groundwork to form a local coalition to use a collective power to take on these issues.
