How Fund Use Addresses Market Conditions:

The purpose of the acquisition rehabilitation activities is to purchase foreclosed homes that have been on the market with little hope of being purchased due to the condition of the dwelling. Repairs will be made to ensure safe and decent housing, and eliminate any instances of substandard housing which is needed in properties that are foreclosed or delinquent. It is also intended to preserve the City's affordable housing stock and improve neighborhood conditions.

Ensuring Continued Affordability:

Recapture provisions involves the City receiving 100% of the NSP funding on an assisted unit or a portion of it should that housing unit cease to be primary residence of the household receiving the assistance for the duration of the period of affordability or the terms that are agreed to between the City and the household.
