

# Community Development Block Grant Toolkit on Crosscutting Issues

The Community Development Block Grant (CDBG) Toolkit on Crosscutting Issues is designed to provide Entitlement and state grantees as well as subrecipients information on those regulations outside of the CDBG regulations that apply to the CDBG program, as well as to other Federal programs.

The Toolkit contains five modules, each with reference materials including applicable regulations, HUD Handbooks and Notices, other HUD documents, and forms. Each module also contains training materials and case studies on key issues and topics of interest.
