

Overview of DRGR Release 8.0

Disaster Recovery Grant Reporting (DRGR) System Release 8.0 Fact Sheet

Please submit all questions about this Fact Sheet to the DRGR Ask-A-Question (AAQ) <https://www.hudexchange.info/program-support/my-question/>

Overview

The following is a summary of changes that occurred in DRGR Release 8.0:

Module	Affected Users	Summary
Systemwide	All users	The design and navigation of DRGR was updated, including a modernized DRGR User Interface. (See separate Fact Sheet.)
Systemwide	All users	Ability to access systemwide DRGR functions via Microsoft Internet Explorer, Microsoft Edge, Google Chrome, and Mozilla Firefox, was updated.
Home Screen	All users	Users can review pending action items directly from new home screen under “Summary” table, which includes the number of items pending per action item type. Action item specifics are detailed under the “Summary” table, broken out by action item type. (See separate Fact Sheet.)
Grant Management Action Plan	HUD and Grantee Users	Applicable users can create and manage grantee programs. Grantee programs will be utilized by identified grantees to summarize and report financial and performance data at a higher level than projects and activities. With Release 8.0, HUD authorized grantees can define grantee program narratives, group activities by defined grantee program, and attach images when setting up grantee program narratives. (See separate Fact Sheet).
Grant Management	All users	Review Checklist questionnaire has been redesigned. Checklist functionality has been updated to allow users to provide tabular data on selected questions.
Administration Associate Checklist	HUD Users	HUD administrative users can create new Review Checklist template or update an existing Review Checklist template using a file upload.

Reports	All users	New DRGR Analytics Reports Project has been added to the Reports Module (MicroStrategy). This project has 54 new reports based on the most commonly used reports located in the MicroStrategy “DRGR OLAP” folder. (See separate Fact Sheet.)
Financial	All users	Several defects have been corrected under the Financial Module – Voucher Supporting Document Tab. Buttons required to support this function are now together on the screen. If a voucher has supporting documents attached (at least one-line item), then line item view must be expanded. HUD users can now “Undo” the approving or rejecting of supporting document requests.
Compliance	All users	Prior to DRGR Release 8.0, manage flags search page did not allow users to navigate to next page, prior page, or by selecting page numbers. This defect has been resolved and users have the ability to navigate to selected pages.
