

ENDURE

EMERGENCY HOUSING VOUCHER 101

The Emergency Housing Voucher (EHV) program is available through the American Rescue Plan Act.

Referrals for the EHV program are made through the Coordinated Entry system. To determine if you would qualify for this program, *contact your case manager*. The EHV program is designed to offer low-barrier interventions; rental history, poor credit history, history of incarceration/returning citizen, or other systemic barriers do not automatically disqualify from eligibility.

These vouchers are available for folks who:

- Are homeless.
- Are at risk of homelessness.
- Are fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, stalking, or human trafficking.
- Were recently homeless or have a high risk of housing instability.

70,000

vouchers have been provided to approximately

626

housing authorities nationwide

There are no guarantees with these vouchers; like many housing interventions, we will work alongside you to find the opportunity that best fits your needs!
