CoC Planning Project Application

Introduction

Welcome to the Continuum of Care (CoC) Planning Project Application navigational guide. This guide covers important information about accessing and submitting the project application for CoC Planning funds.

The CoC's designated Collaborative Applicant is the only entity that can apply for the CoC Planning funds. This organization must be the same Collaborative Applicant identified during the CoC Program Registration process.

For the purposes of submitting a project application in *e-snaps*, the Collaborative Applicant must submit the CoC Planning Project Application as a Project Applicant. It is the only way that HUD will be able to process the application in *e-snaps* and award conditional funds. The first section of this guide elaborates on what this means.

Unlike other types of funding, CoC Planning funds are awarded as new funding each year, and they are not renewable. If a Collaborative Applicant wants to apply for CoC Planning funds in FY 2019, it must submit a new CoC Planning Project Application not to exceed the CoC Planning amount provided by HUD, per the NOFA.

Objectives

By the end of this module, you will be able to do the following:

- Identify the correct *e-snaps* account to use to submit the project application
- Access *e-snaps*
- Register for the CoC Planning Project Application funding opportunity
- Create the Project on the Projects screen
- Access the Project Application on the Submissions screen
- Complete and submit the Project Application to the Collaborative Applicant (it will appear in the Priority Listing when you update the list)
- *Only if needed*, amend the Project Application from the CoC Priority Listing for revision in your Project Applicant *e-snaps* account

CoC Planning Project Application

Overview of this Instructional Guide

The organization of material in this instructional guide corresponds with the different parts of the Project Application process, and the instructional steps follow the progression of screens in *e-snaps*.

- **Using the correct *e-snaps* account**. You must understand which *e-snaps* account to use to submit the CoC Planning Project Application. This section discusses the need for each Collaborative Applicant organization to have access to two separate *e-snaps* accounts.

- **Accessing *e-snaps*.** Each *e-snaps* user needs his or her individual username and password in order to log in to the online *e-snaps* system. In order to view an organization's Project Applicant Profile, Project Applications, etc., the *e-snaps* user needs to be associated as a "registrant" with the organization's *e-snaps* account. This section identifies the steps to create user profiles and add/delete registrants.

- **Project Applicant Profile.** Project Applicants must review the Project Applicant Profile, update the information as needed, and select the "Complete" button in order to proceed to the Project Application process.

- **Accessing the CoC Planning Project Application.** After the Project Applicant Profile is complete, Applicants need to follow a series of steps in order to access the project application forms. The steps discussed in this section include registering the Applicant for the FY 2019 CoC Planning Project Application funding opportunity, creating an FY 2019 project, and accessing the project application forms.

- **CoC Planning Project Application.** After accessing the FY 2019 CoC Planning Project Application, Applicants will complete a series of screens asking for information about the project for which they are applying for funding. This section provides instructions for each screen. After all required information is provided, the Applicant will submit the CoC Planning Project Application via *e-snaps*.

- **Submitting the Project Application.** This section provides instructions on submitting the project application and includes trouble-shooting tips and instructions for updating the Project Applicant Profile if information pre-populating the project application is incorrect.

- **Amending the Project Application.** The section on Submitting the Project Application includes instructions for amending the project application. If changes need to be made to the CoC Planning Project Application after it has been submitted and it appears in the Priority Listing, the Collaborative Applicant will send the project back to the Project Applicant; it will essentially send the project back to itself.

Amending Project Application	*If you amend the project application back to yourself for revision or correction, you are responsible for ensuring the project application is resubmitted in e-snaps to the CoC Priority Listing before the CoC Priority Listing is submitted to HUD. If a project application does not appear on the CoC Priority Listing, it will not be reviewed or considered for conditional award.*

CoC Planning Project Application

Collaborative Applicants Applying as Project Applicants

The Collaborative Applicant has two roles during the Competition—one as the Collaborative Applicant submitting the entire Consolidated Application and one as a Project Applicant applying for grant funds.

For each role, the organization MUST have two separate *e-snaps* accounts and needs to complete two separate Applicant Profiles.

Defining *e-snaps* account	*Individuals have their own user accounts (user profiles) with a username and password. Individuals have access to different Collaborative Applicant and Project Applicant e-snaps accounts.* *These Applicant e-snaps accounts represent organizations, not people. They contain an Applicant Profile and its associated applications.*

As a Collaborative Applicant

The Collaborative Applicant submits the CoC Application and CoC Priority Listing on behalf of the CoC. For this task, you need to be able to log in and see an Applicant Profile that represents the CoC and you as the Collaborative Applicant.
The Applicant Number should be the CoC Number.

- Every CoC has a CoC Applicant Profile in e-snaps. Collaborative Applicant organization staff need to gain access to the existing CoC *e-snaps* account.

- The ONLY time a person would create a new CoC Applicant Profile is if a new CoC receives a CoC Number that has never been used before.

	CoC Applicant Profile Navigational Guide: *https://www.hudexchange.info/resource/3852/coc-applicant-profile-instructional-guide/*

As a Project Applicant

The organization, in its role as a Project Applicant, submits a CoC Planning Project Application as a Project Applicant, using a separate *e-snaps* account. This *e-snaps* account is the one that HUD will use to process the grant agreement, not the account where the CoC Application and CoC Priority Listing reside.

- The Applicant Number should be the organization's DUNS Number.

- If a Collaborative Applicant is completely new to *e-snaps* (i.e., if the organization is submitting a Project Application for the first time), the organization must create a Project Applicant in *e-snaps*.

- Collaborative Applicants that submitted Project Applications in the past should NOT create a new Project Applicant Profile; they should use the Project Applicant Profile that they used previously in order to submit this year's application for CoC Planning funds.

	Project Applicant Profile Navigational Guide: *https://www.hudexchange.info/resource/2958/instructions-for-updating-the-project-applicant-profile/*

Alternating Roles

Collaborative Applicant organizations must NOT use the CoC's Collaborative Applicant *e-snaps* account to create and submit a project application of any kind, including a New, Renewal, or UFA Costs (if applicable) Project Application.

The Collaborative Applicant will need to switch between the two different *e-snaps* accounts, depending on whether staff are working on a project application or the CoC Application and Priority Listing. When *e-snaps* users log in to the system, they need to select "Applicants" in the left menu bar and then they will see an "Applicant" field at the top of the screen, as shown in the screenshot below. This field identifies the organization's account in which the user is working.

HUD Exchange Ask A Question (AAQ) help desk	*If you have issues with identifying the correct Applicant, contact HUD Exchange Ask a Question, at https://www.hudexchange.info/get-assistance/my-question/.*

Accessing *e-snaps*

The Project Application is submitted electronically in *e-snaps* during the annual competition under the NOFA for the FY 2019 CoC Program Competition.

For assistance in navigating e-snaps, refer to the Introduction to e-snaps Features and Functions Guide on the CoC Program Competition resources page at https://www.hudexchange.info/programs/e-snaps/

NOTE: *Each e-snaps user must have his or her own log-in credentials. Preferably, each organization will have two people with access to e-snaps—the Authorized Representative and one or more additional staff.*

Existing Users

Step	Description
1.	Direct your Internet browser to https://esnaps.hud.gov/.
2.	On the left menu bar, enter the username and password. You will then enter the *e-snaps* system and arrive at the "Welcome" screen.
3.	If you forgot your password, select "Forgot your password?" under the "Login" button.

New e-snaps Users

Step	Description
1.	Create an *e-snaps* username and password by selecting the "Create Profile" link.
2.	Log in as instructed under Existing Users above.

Adding and Deleting Registrants

Having a user profile enables a person to access *e-snaps*; however, only individuals who have been associated with the organization as a registrant (also referred to as registered users) have the ability to enter information in the Applicant Profile and Project Applications associated with the organization.

> *For information on how to add and delete users, refer to the "Adding and Deleting Users" resource on the CoC Program Competition Resources page at https://www.hudexchange.info/programs/e-snaps/.*

Project Applicant Profile

Collaborative Applicants applying for CoC Planning costs must complete the Project Applicant Profile before moving forward in the CoC Planning Project Application process. To complete Project Applicant Profile, the Collaborative Applicant must ensure the data entered in the Project Applicant Profile is accurate and select the "Complete" button on the Submission Summary screen.

Step	Description
1.	Select "Applicants" on the left menu bar.
2.	Ensure that the correct Applicant is selected in the "Applicants" field at the top, left side of the screen.
	Remember that you should see both the Collaborative Applicant and Project Applicant in the dropdown menu. Select the correct one.
3.	Select the orange folder to the left of the Applicant name on the screen.
4.	Go to the Submission Summary screen and select the "Edit" button.
	If you do not see an "Edit" button, but rather see a "Complete" button, you are already in edit mode.
5.	Update and save all changes.
6.	Go to the Submission Summary screen and select the "Complete" button.

For step-by-step instructions, see the Project Applicant Profile Navigational Guide on the CoC Program Competition Resources page at https://www.hudexchange.info/programs/e-snaps/.

- Funding Opportunity Registration

- Projects

- Accessing your Project Application from your Submissions screen

CoC Planning Project Application

Funding Opportunity Registration

All Collaborative Applicants applying for CoC Planning funds must register the organization for the CoC Planning Project Application funding opportunity. Registering for the funding opportunity enables Applicants to apply for CoC Planning costs during the FY 2019 CoC Program Competition.

Terminology	*"Registering" in this context means "indicating your intent to apply."* *"Funding Opportunity" refers to "the type of grant." There are options when you select this screen. They include CoC Planning, New, Renewal, and UFA Costs.* *So, on this screen, you are indicating your intent to apply for a specify type of grant.*

Step	Description
1.	Select "Funding Opportunity Registrations" on the left menu bar.
2.	The "Funding Opportunity Registrations" screen appears.
3.	Select the "Register" icon next to "CoC Planning Project Application FY2019."

Creating the CoC Planning Application Project

Collaborative Applicants must create a project for the CoC Planning Project Application in *e-snaps* on the "Projects" screen. Creating a project is an intermediate step; Collaborative Applicants do NOT enter the project on the Projects screen to complete the project application forms (that step will occur on the "Submissions" screen).

After the Applicant "creates" the project, it will appear on this screen and the term "CoC Planning Project Application FY2019" will appear under the "Funding Opportunity Name" column.

Terminology	*"Creating a Project" means "giving the project application a name."*

Step	Description
1.	Select "Projects" on the left menu bar.
2.	The "Projects" screen appears.
3.	Select "CoC Planning Project Application FY2019" from the "Funding Opportunity Name" dropdown.
4.	The screen refreshes and an "Add" icon appears on the left side of the screen above the column headings.
5.	Select the "Add" icon.
6.	The "Create a Project" screen appears.

CoC Planning Project Application

Step	Description
1.	On the "Create a Project" screen, the Applicant Name will be pre-populated.
2.	In the "Applicant Project Name" field, enter the CoC Number followed by the words "CoC Planning Application FY2019." • For example, the organization that is applying for CoC Planning funds as the Collaborative Applicant for the Anywhere CoC should enter: AN-500 CoC Planning Application FY2019
3.	Select "Save & Back" to return to the "Projects" screen.
4.	The project name is listed in the menu. • Select the "View" icon to view project details; however, it is not necessary to enter any notes on that page.

Remember, the "Applicant" field with the dropdown menu located at the top of the screen identifies the Project Applicant Profile in which you are working.

Please ensure you are working in the correct one. Do not use your Collaborative Applicant Profile. You must use your agency's Project Applicant Profile to complete the CoC Planning Project Application.

CoC Planning Project Application

Submissions

After completing the Project Applicant Profile, registering for the Funding Opportunity, and creating the Project Application project, Applicants may now enter the CoC Planning Project Application and complete the screens. You must access the CoC Planning Project Application through the "Submissions" screen.

Terminology	*"Submissions" refers to both submitted project applications and project applications that are in progress to be submitted.*
	This screen also includes applications that are created by mistake and are not intended to be submitted. Once you have created a project on the Projects screen and it appears here, you cannot delete it. You can only rename it.

Step	Description
1.	Select "Submissions" on the left menu bar.
2.	The "Submissions" screen appears.
3.	Locate the Project Application you established.
	• Option: Use the "Submissions Filters." Select your Project's name in the "Applicant Project Name" field. Then select the "Filter" button to single out your project(s).
