## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*

## 2021 CoC-PHA Crosswalk

*Important Notes About This Data: The report shows PHAs operating Housing Choice Voucher (HCV) units or Public Housing (PH) units within each CoC. The list of PHAs are ordered in descending order by total number of ACC Units (HCV + PH Units). The top two PHA records with the largest number of total units are highlighted for each CoC. PHA unit information is extracted from HUD's Inventory Management System (IMS) / Public and Indian Housing (PIH) Information Center (PIC) and is current as of December 2021. Approximately 1% of the total ACC Unit counts for the nation are excluded from this report, either because the units fall outside of 2021 CoC coverage geography or the PIH / PIC address data were insufficient to generate an accurate geographic placement for the crosswalk.*
