Changes to the Web Service Behavior

1. Enhanced validation on Agency's Physical Address to reject submissions that contain a P.O. Box in the Agency_Physical_Address1, Agency_Physical_Address2, Agency_Physical_Address3, and Agency_Physical_Address4 fields. An attempt to submit a P.O. Box will result in an error and the submission will fail. Error: Agency physical address cannot be P.O. Box. Please correct and resubmit.

2. Error responses that return reference ids for Fiscal Year, Quarter, and Activity Type have been updated to return the reference value.

3. Submission error responses stored in database for future use in HCS to display to agency users.
