Subject: HUD CMS Developer Alert: ARM Certificate Renewal

HUD CMS Developers:

The ARM Pilot SSL Certificate will be updated and renewed **this evening Wednesday June 6, 2018 at 8 PM**. We will send an updated notice to CMS later this evening to verify that the update has been completed. If your CMS requires that the certificate be installed locally to complete the connection, please update the certificate and let me know if you have any issues connecting to ARM Pilot after the update.

If all goes well with the Pilot certificate update, the ARM Production SSL Certificate is scheduled to be renewed this **Saturday June 9, 2018 at 10 PM**.

Please contact me for any questions you have.

Thank you,
Theresa
HUD HCS/ARM Support Team
