Subject: HUD CMS Developer Alert: ARM Pilot Maintenance Completed; Production Maintenance Scheduled for Friday June 15 – Sunday June 17

HUD CMS Developers:

1. Maintenance has been completed on ARM pilot (test environment). The ARM Web Services in the pilot(test) environment should now be accessible. If you are not able to access ARM Pilot, please let me know.
2. The maintenance for production is scheduled to start the evening of Friday June 15 through Sunday June 17. During that time, there will be periods in which the ARM and HCS production environments will not be available.

Any question regarding the above items, please contact me.

Best Regards,
Theresa Houck
HUD HCS/ARM Support Team
