Subject: HUD CMS Developer Alert: ARM Version 14.16.5.0

HUD CMS Developers:

**ARM Version 14.16.5.0** – A new version of the HCS ARM Web Service (v.14.16.5.0) is now available on the ARM Pilot Server. It is anticipated that this release will be available on Production by 11/16/2018. The changes are described in the attached [HCS ARM F11M\\_V14.16.5.0 Release.pdf](#) file. The updated [ARM Interface Control Document](#) is also attached. This documentation and SDK will be posted to the CMS Guidance page: <https://www.hudexchange.info/programs/housing-counseling/cms/#agency-reporting-module-arm-requirements>.

Please let me know if you have any questions regarding the upcoming changes.

Thank you,  
Theresa
