Subject: HUD CMS Developer Alert: ARM Version 14.18.5.0 & ARM Certificate Renewal

HUD CMS Developers:

**ARM Version 14.18.5.0** – A new version of the HCS ARM Web Service (v.14.18.5.0) is now available on the ARM Pilot Server. It is anticipated that this release will be available on Production by 06/14/2019. The changes are described in the attached ARM F11M V14.18.5.0 Release Notes. The changes being implemented in this release are changes to internal code and processing of the form 9902. They should not require changes to CMS. An updated SDK will be posted soon to the CMS Guidance page: <https://www.hudexchange.info/programs/housing-counseling/cms/#agency-reporting-module-arm-requirements>.

**ARM Certificate Renewal** - The **ARM Pilot SSL Certificate** has been updated. If your CMS requires that the certificate be installed locally to complete the connection, please update the certificate and let me know if you have any issues connecting to ARM Pilot after the update. the ARM Production SSL Certificate is scheduled to be renewed **Wednesday May 29, at 8 PM**.

Please let me know if you have any questions.

Thank you,  
Theresa
