Subject: HUD CMS Developer Alert: Fiscal Year 2022 Reference Value & ARMv6 Reference Web Service

HUD CMS Developers:

Fiscal Year 2022 Reference – On the evening of Thursday September 30, 2021 the HCS system will be updated for Fiscal Year 2022. At that time, a new reference value for FY 2022 will be created for ARM. You will have to invoke the method "refreshAllReferenceItemsInCache" (or "refreshReferenceItemCache" with referenceId=28) to activate this reference value. This only needs to be done once. An email will be sent to CMS developers on 9/30/2021 when the new reference value is available.

ARMv6 Webservice – The ARMv6 Reference Web Service is available in the production environment at: <https://arm.hud.gov:9001/ARMReference/ARMReference>. The ARMv5 Reference Web Service remains at: <https://arm.hud.gov/ARMReference/ARMReference>.

Please contact me with any questions.

Thank you,

Theresa
