Subject: HUD CMS Developer Alert: Verify Connectivity to ARM Pilot

HUD CMS Developers:

HUD has updated the ARM Pilot environment. Please verify that your CMS is still able to connect and authenticate in the **ARM Pilot environment** (<https://armpilot.hud.gov>) as soon as possible and report to me if your test was successful or not. Data submission testing is not needed for this effort.

Thank you,  
Theresa  
HUD HCS/ARM Support Team
