

Subj: HUD CMS Developer Notice: Fiscal Year 2018 Reference Now Available

HUD CMS Developers:

The HCS/ARM systems have been set up for Fiscal Year 2018. The FY 2018 Reference value (id=24) is now available in ARM. You will have to invoke the method "refreshAllReferenceItemsInCache" (or "refreshReferenceItemCache" with referenceId=28) to receive the reference value for FY 2018. This only needs to be done once.

Please let me know if you have any questions.

Best Regards,

Theresa Houck
HUD HCS/ARM Support Team
