

HUD-9902 Desk Guide

Don't Forget!

- ◆ **Data is CUMULATIVE!** For example, your Q3 report should include all households served from Q1 - Q3. If your agency received HUD approval mid-way through the fiscal year, you should still report all households served since the beginning of the applicable fiscal year.
- ◆ **ALL Local Housing Counseling Agencies (LHCAs), and ALL Affiliates and Branches** of Multi-State Organizations (MSOs), State Housing Finance Agencies (SHFAs) and Intermediaries **MUST REPORT** quarterly. Reporting is required regardless of whether or not you receive a grant. MSOs, SHFAs and Intermediaries are responsible for the timeliness and accuracy of their affiliates' and branches' reports.
- ◆ **Count by household.** If a family attends counseling or a workshop, they should be counted as one household regardless of the number of people.
- ◆ **Count distinct services.** If a household attends a homebuyer education workshop, later attends pre-purchase counseling, and later attends default counseling, that household should be counted 3 times - once for the workshop and once for each distinct counseling type. By contrast, if a household attends pre-purchase counseling that takes place over the course of 4 sessions, that household should only be counted once because they received one distinct service - pre-purchase counseling.
- ◆ **Include total budget.** All reports must include "Total budget, all sources" near the top of the form. This should reflect your total budget, including all HUD grants and other funding sources, for the full fiscal year for your housing counseling program exclusively. This is required regardless of whether or not you received a HUD grant for the reporting period.
- ◆ **Count carryover clients** that received services in a previous reporting year and continue to receive services on the same topic in the current year. Do NOT count households counseled in a previous year whose results have changed but who received no additional services during the current year.
- ◆ **Report on time.** Unless otherwise notified by HUD, HUD-9902 reports are due according to the following schedule: Quarter 1 report (covering Oct 1 - Dec 31) is due Jan 31, Quarter 2 report (covering Oct 1 - Mar 31) is due Apr 30, Quarter 3 report (covering Oct 1 - Jun 30) is due Jul 31, and Quarter 4 report (covering Oct 1 - Sep 30) is due Dec 31.

<p>10. Impact and Scope of One-on-One Counseling Services</p>	<p>This section is used to report the impact and scope of the one-on-one counseling services reported in Sec 9.</p> <p>The following section provides examples of households who could be counted in each category. However, the examples provided are NOT intended to be exhaustive. Counselors will need to use their best judgment when deciding what constitutes an impact, and the client file should support the impact(s) reported.</p> <p>Select as many impacts that apply to the households receiving one-on-one counseling during the reporting period. Households may be reported in multiple categories or not at all depending on the impact and scope of the counseling services provided.</p> <p>Do not record impacts for clients who attended only a group session with no one-on-one counseling.</p> <p>Categories a - f can apply to all one-on-one service types, and categories g - m each apply to a specific service type.</p>
<p>a. Households that received one-on-one counseling that also received group education services.</p>	<p>Count households that received both one-on-one counseling and group education.</p> <p>Tip: These households should be recorded once in Sec 8 for the workshop and once in Sec 9 for the counseling. Their demographic information should be recorded in sections 3 - 7 twice - once for each unique service (the workshop and the counseling).</p> <p>Tip: The number in this category should be less than or equal to the Sec 9 total.</p> <p>Tip: If the household attended a group session first, this outcome may be recorded at the time of the one-on-one counseling session. I.e. The counselor would not need to wait until follow-up to know and report this outcome.</p>

HUD-9902 Desk Guide

HUD-9902 Category	How to Complete
<p>b. Households that received information on fair housing, fair lending and/or accessibility rights.</p>	<p>Examples of households who should be recorded in this category include but are not limited to those who:</p> <ul style="list-style-type: none"> • Were assisted with filing a fair housing complaint • Were counseled and referred to a legal aid agency for fair housing assistance • Received one-on-one counseling and also attend a fair housing workshop • Received information on discriminatory housing and mortgage lending practices and the rights and remedies available under federal, state and local laws • Received mobility counseling to help move to housing not located in areas of poverty concentration or minority concentration • Received information about housing opportunities in areas that provide community assets such as good schools, health care, transportation and retail opportunities <p>Tip: The number in this category should be less than or equal to the Sec 9 total.</p> <p>Tip: If fair housing information is provided during a counseling session, this outcome may be recorded at the time of the one-on-one counseling session. I.e. The counselor would not need to wait until follow-up to know and report this outcome.</p>
<p>c. Households for whom counselor developed a sustainable household budget through the provision of financial management and/or budget services.</p>	<p>Count all households with whom the counselor developed a budget. Counselors do not have to verify that the household actually implements and sustains the budget. By sustainable, HUD means a realistic and do-able budget for that household.</p> <p>HUD expects this impact will apply to nearly all one-on-one counseling clients because the HUD Housing Counseling Handbook requires establishment of a household budget that the client can afford.</p> <p>Tip: The number in this category should be less than or equal to the Sec 9 total.</p> <p>Tip: If the budget is developed during a counseling session, this outcome may be recorded at the time of the one-on-one counseling session. I.e. The counselor would not need to wait until follow-up to know and report this outcome.</p>
