

Example Survey Form for Demolition Site Inspection

About this Tool

Description:

This example survey form for site inspectors will assist local municipalities in determining what they should expect from their site inspectors. A survey form such as this example is required for every property prior to demolition.

How to Adapt this Document:

This document should be used as a guide for creating and implementing survey form for site inspectors that meets the needs of the program. It addresses the major components that should be included at a minimum. However, it should not be used as-is and should be altered to meet the requirements of the individual State.

Source of Document:

Substantial portions of this document come from a document utilized by the Michigan Fast Track Authority.

Disclaimer:

This document is not an official HUD document and has not been reviewed by HUD counsel. It is provided for informational purposes only. Any binding agreement should be reviewed by attorneys for the parties to the agreement and must conform to state and local laws.

This resource is part of the NSP Toolkits. Additional toolkit resources may be found at www.hud.gov/nspta
